He shall be directly responsible to the Commissioner for all action affecting the operation and management of the municipally-owned parking facilities.

Section 2. The Operator has examined said premises and appurtenances prior to and as a condition precedent to its acceptance and the execution hereof, and is satisfied with the physical con-

dition thereof and its taking possession shall be conclusive evidence of its receipt thereof in good order and repair except as otherwise specified herein and agrees and admits that no representations as to condition or repair has been made by the City or its agents which is not herein expressed or endorsed hereon; and that no promises to decorate, alter, repair or improve either before or at the execution hereof not contained herein has been made by the City or its agents.

Section 3. The Operator agrees to operate such facility in compliance with this Agreement and all laws, ordinances, rules and regulations which are now in effect or which may hereafter be adopted. The Operator further agrees to conform and comply with all rules and regulations of the Bureau of Parking.

Section 4. The Operator agrees to pay all fees, licenses, taxes and charges assessed under local, State and Federal Statutes or Ordinances insofar as they are applicable, subject to all provisions of this Agreement.

Section 5. The Operator agrees to operate the facility as its own expense subject to all provisions of this Agreement, and shall use and occupy the above premises solely for off-street parking of motor vehicles on a non-discriminatory basis.

In addition, all expenses incurred by the Operator and approved by the Commissioner of Streets and Sanitation through the office of the Deputy Commissioner, Bureau of Parking, shall be reimbursed to the operator by including such expenses as part of the overall budget allotted to the operator for the maintenance and management of said facility, as enumerated in this contract. Any subsequent expenses over and above that allotted by this contract shall be submitted to Office of the Deputy Commissioner and approved in writing. Said expenses either to be pro-rated or paid at the expiration of the contract.

Section 5B. Budget: Operator shall, on or before January 15, 1968, submit to the Commissioner on a form prescribed by the Commissioner, a budget of all operating and maintenance expenses, whether or not reimbursable, for the period beginning at the date Facility is opened and ending December 31, 1968, with such detailed supporting data as the Deputy Commissioner of Bureau of Parking may, from time to time, request. Without limiting the generality of the foregoing, the budget shall show the number of persons to be employed by Operator, broken down into various classifications of employees to be used, and also the work schedule and pay rates for each such classification. Each expense item for which reimbursement will be claimed shall be designated as a reimbursable item. Operator shall from time to time submit to the Commissioner supplements to said budget whenever, in the opinion of the Operator, changes in or additions to said budget are necessary. On or before November 30th of each year, beginning with the year 1968, Operator shall submit to the Commissioner or his representative a similar budget for the next calendar year.

No expenditure for any operating or maintenance expense shall be eligible for reimbursement unless said expenditure is included, either before or after it is made, in a budget or supplemental budget approved by the Commissioner.

Section 6. The Operator shall make no alterations or additions without the prior consent of the City of Chicago. All alterations and additions shall remain as part of the premises unless the City shall otherwise elect; this included in particular, but not exclusively, locks, bolts and all fixtures.

Section 7. The Operator agrees to operate the facility twenty-four (24) hours a day, seven (7) days a week, holidays included. The hours of operation may be changed from time to time by the Commissioner, when authorized and directed to do so by the City Council of the City of Chicago. Such change shall take effect within forty-eight (48) hours, Sundays and holidays excluded, after written notice thereof is received by the Operator.

Section 8. Commercial vehicles may be parked upon the premises only with the permission in writing of the Commissioner and no vehicle whatsoever be permitted to be parked thereon free of charge.

Neither the Operator nor any of its employees shall at any time remove from the premises any automobile placed thereon for parking purposes, except with the written permission of the Commissioner, or his duly authorized representative. Neither the Operator nor its employees shall enter or drive any automobile which has been placed upon the premises for the purpose of self-parking without the written permission of the Commissioner, or his duly authorized representative.

(g) Time stamp parking tickets, in accordance with regulations and directions of the Commissioner.

(h) Make minor necessary repairs to the plumbing, lighting and heating; Commissioner to determine what constitutes a minor repair.

In the event that the Operator shall fail to comply with any of the above obligations, the City may, after five (5) days notice to comply, in addition to other remedies set forth herein, enter upon said premises and take all steps necessary to insure compliance with the above obligations; and all work, labor and material shall be charged to and paid for by the Operator, plus a reasonable amount for the overhead of the City.

Section 11. The Operator covenants and agrees to pay, subject to all provisions of this Agreement, all damages for injuries to real or personal property growing out of any negligent act or deed or any omission to act of the Operator or any servant, agent, or employee of the Operator in connection with the operation of the facility under the Agreement and the Operator covenants and agrees to indemnify, save and keep the City harmless against all liabilities, judgments, costs, damages, and expenses of and from any and all claims of any kind or nature whatsoever which may in anywise come against the City for or on account of personal injuries to real or personal property or to the loss of any personal property caused or claimed to have been caused as a result of the use of said premises and of the parking of motor vehicles in said premises, including court and stenographic costs and an amount in reimbursement of attorney's fees. Specifically, and not in limitation of the above and foregoing, the Operator agrees to pay all costs of automobile damages.

Section 12. The City of Chicago, Parking Revenue Fund, at its own expense, at or before the execution and subject to all provisions of the Agreement, agrees to furnish all of the insurance required under this Section 12. All policies of insurance shall be in the name as designated below and shall be delivered to and held by the City Comptroller and shall be with insurance companies approved by the City Comptroller.

Each such insurance policy shall contain a provision that it cannot be cancelled unless thirty (30) days notice of cancellation shall first have been served upon the City Comptroller.

The following policies shall be in the name of the City of Chicago and the Operator:

(e) Elevator Liability—$250,000.00 for any one person, $500,000.00 for any one accident. $50,000.00 property damage per accident—with an endorsement naming the City of Chicago and shall be endorsed to show the City of Chicago to be included in the coverage for this location only as their interest may appear.

It is further agreed that any additional premiums or audits shall be paid by the City of Chicago; any return premiums or audits shall be paid to the City of Chicago.

Section 13. If said Parking Facility shall be damaged by fire, explosion, or other casualty and if, in the opinion of the Commissioner, said damages are repairable within a reasonable time, the Operator agrees to make all repairs according to plans and specifications approved by the Commissioner, which are necessary to restore the parking facility to the condition which existed prior to said damage. Failure to submit plans and specifications to the Commissioner within ten (10) days, or failure to commence such restoration work within five (5) days after the Operator has received the approved plans and specifications from the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator. The cost of such repairs or restoration shall be paid over from the funds received by the City under insurance policies insofar as they will cover the damage or loss insured. 50% of the balance of such cost shall be paid by the City. 50% shall be paid by the Operator.

Section 14. The Operator agrees to keep accurate records, books, and accounts in a manner directed by the Commissioner and authorized personnel shall have the right to examine said records, books, and accounts at any reasonable time.

Section 16. Upon termination of this Agreement by lapse of time or otherwise, the Operator shall surrender and turn over possession of the premises to the City in the same manner and condition as it received the premises, excepting reasonable wear and tear.

Section 17. The City may from time to time erect and maintain on the premises such signs as it may deem advisable.

Section 18. Compensation to Operator—Definitions.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 2 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured. The Basic Gross Revenue Level of Facility No. 2, which shall apply to the year covered by this contract (1968), is hereby stated at $550,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1968) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1968) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1968 as shall be determined by an examination of such actual revenues by the City of Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1968. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 2, in accordance with all provisions of the contract, the Operator shall be paid as Operator's Fees in settlement for the year 1968 under this contract as follows:

(a) A Basic (or minimum) Fee of $22,000, being 4% of a stipulated Basic Gross Revenue Level of $550,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000 each over and above the stipulated Basic Gross Revenue Level of $550,000.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

[Exhibit "A" printed on page 3215 of this Journal]

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 2 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1968).

The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1968.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1968), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each such month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1968 should approximate $156,740. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $13,062.00, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1968, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 3217 of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 2 are increased at any time during the calendar year 1968, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility (*for that proportion of the year for which effective*) shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis on $550,000 (or on an adjusted Monthly basis of $45,833) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis of $605,000 (or on an adjusted Monthly basis of $50,417).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 2 are increased at any time during the calendar year 1968, the Operator shall be paid his stipulated yearly Basic Fee of $22,000, plus an amount that shall represent 4% of the difference between the Basic Gross Revenue Level ($550,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1968 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 2 are increased during the calendar year 1968, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change (*for that proportion of the year for which increases are effective*) to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if without rate increases the Actual Gross Revenue is $650,000 and the Basic Gross Revenue Level is $550,000 (as stipulated), additional fees would apply (to "blocks" of $25,000 each) to an aggregate amount of $100,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $715,000 and $605,000, and additional fees would apply to an aggregate amount of $110,000.

Section 19. Operator agrees that in performing under this contract it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin, nor otherwise commit an unfair labor practice. Operator further agrees that this clause will be incorporated by Operator in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this contract. Attention is called to the State Acts approved July 28, 1961. Ill. Rev. Stat. 1963, Ch. 38, Sections 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1963, Ch. 29, Secs 17 to 24 inclusive; and July 21, 1961, Ill. Rev. Stat. 1963, Ch. 48, Secs. 851 to 866 inclusive, and an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of the Proceedings. To demonstrate compliance the Operator, Contractors and Sub-Contractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

The Operator further agrees:

(a) To select and pay for the personnel to be employed in the operation of the facility unless otherwise specifically provided for in this Agreement.

(b) To furnish prompt, safe, efficient and courteous service adequate to meet all demands for its service at said facility.

(c) To furnish said service on a fair, equal and non-discriminatory basis to all users thereof.

(d) That attendants shall wear uniforms, caps and badges to be supplied by and at the expense of the Operator and shall at all times present a neat and clean appearance. Such uniforms, caps and badges shall be approved by the Commissioner as to color and design.

(e) The Operator agrees to maintain a close watch over attendants to insure that they shall discharge their duties in a safe, courteous and efficient manner to maintain a high standard of safety and service to the public.

(f) To use its best efforts in every proper manner to maintain and develop the business conducted by it hereunder and to increase the same.

(g) Not to divert or cause or allow to be diverted, any business from the facility.

Section 20. It is expressly agreed between the parties hereto that in the event the demised premises shall be deserted, vacated, abandoned, or if default be made in payment of the rent or any part thereof as herein specified, or if, the Operator shall sell, assign, or mortgage this Agreement or if default be made in the performance by the Operator, or if the Operator shall fail to comply with any of the Statutes, Ordinances, rules, orders, regulations and requirements of the Federal, State and City Government or of any and all their departments and bureaus applicable to said premises or hereafter established as herein provided, or if the Operator shall file a petition in bankruptcy or be adjudicated a bankrupt, or make an assignment for the benefit of creditors or take advantage of any insolvency act, the City may elect to terminate this Agreement and the term hereof, and in the event the City elects to terminate this lease because of a violation of this Section 20, upon such termination, the Operator shall compensate the City for the loss in revenue suffered by reason of such termination and provision for such compensation shall be made a condition of the bond referred to in Section 15 hereof.

Section 21. The Operator agrees to pay and discharge all costs, expenses and an amount in reimbursement for attorney's fees which shall be incurred and expended by the City in enforcing the covenants of this Agreement, whether by the institution of litigation or in taking advice of Counsel, or otherwise. If default be made in the payment of the sum due hereinabove reserved, or in any installment thereof as herein provided, the Operator hereby irrevocably constitutes any attorney of any court of record in this State, attorney for it and in its name, from time to time, to waive the

CHICAGO

OPERATOR'S AGREEMENT

This Agreement, made as of the .....day of ....., A.D. 196...., between the City of Chicago, a municipal corporation of the State of Illinois, party of the first part (sometimes hereinafter referred to as "City"), and System Auto Parks & Garages, Inc., a Corporation organized and existing under the laws of the State of Illinois, party of the second part (sometimes hereinafter referred to as "Operator").

Witnesseth:

A. That the City for and in consideration of the covenants and conditions as hereinafter set forth, hereby grants to the Operator the right to operate the facility described as follows:

Parking Facility No. 3
(No. 535 S. State Street)

B. The term of this Agreement shall be for the period of one (1) year beginning on the first day of January 1968, and ending on the 31st day of December 1968, unless said term shall be sooner terminated as provided.

It Is Further Covenanted and Agreed as follows:

Section 1. Definition of Terms.

"Bureau of Parking" is that body of the City of Chicago having management and control of the establishment, operation and maintenance of parking facilities.

"Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

"Deputy Commissioner" means the Deputy Commissioner of the Bureau of Parking, City of Chicago, or any other official designated by the Commissioner to have administrative supervision of the Bureau of Parking. He shall be directly responsible to the Commissioner for all action affecting the operation and management of the municipally-owned parking facilities.

All alterations and additions shall remain as part of the premises unless the City shall otherwise elect; this included in particular, but not exclusively, locks, bolts and all fixtures.

Spe-

Section 18. Compensation to Operator—Definitions.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 3 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured. The Basic Gross Revenue Level of Facility No. 3, which shall apply to the year covered by this contract (1968), is hereby stated at $350,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1968) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1968) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1968 as shall be determined by an examination of such actual revenues by the City of Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1968. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such succesive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 3, in accordance with all the provisions of the contract, the Operator shall be paid as Operator's Fees in settlement for the year 1968 under this contract as follows:

(a) A Basic (or minimum) Fee of $14,000 being 4% of a stipulated Basic Gross Revenue Level of $350,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000 each over and above the stipulated Basic Gross Revenue Level of $350,000.00.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

[Exhibit "A" printed on page 3223 of this Journal]

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 3 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1968). The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1968.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1968), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each such month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1968 should approximate $121,588. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $10,132.00, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1968, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 3224 of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 3 are increased at any time during the calendar year 1968, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility *(for that proportion of the year for which effective)* shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis of $350,000 (or on an adjusted Monthly basis ($29,167) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis of $385,000 (or on an adjusted Monthly basis of $32,083).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 3 are increased at any time during the calendar year 1968, the Operator shall be paid his stipulated yearly Basic Fee of $14,000, plus an amount that shall represent 4% of the difference between the Basic Gross Revenue Level ($350,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1968 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 3 are increased during the calendar year 1968, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change *(for that proportion of the year for which increases are effective)* to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars. Thus, to illustrate, if without rate increases the Actual Gross Revenue is $450,000 and the Basic Gross Revenue Level is $350,000 (as stipulated), additional fees would apply (to "blocks" of $25,000 each) to an aggregate amount of $100,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $495,000 and $385,000, and additional fees would apply to an aggregate amount of $110,000.

Section 19. Operator agrees that in performing under this contract it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin, nor otherwise commit an unfair labor practice. (No. 506 N. Rush Street)

B. The term of this Agreement shall be for the period of one (1) year beginning on the first day of January 1968, and ending on the 31st day of December 1968, unless said term shall be sooner terminated as provided.

It is Further Covenanted and Agreed as follows:

Section 1. Definition of Terms.

Section 3. The Operator agrees to operate such facility in compliance with this Agreement and all laws, ordinances, rules and regulations which are now in effect or which may hereafter be adopted. The Operator further agrees to conform and comply with all rules and regulations of the Bureau of Parking.

Section 4. The Operator agrees to pay all fees, licenses, taxes and charges assessed under local, State and Federal Statutes or Ordinances insofar as they are applicable, subject to all provisions of this Agreement.

Section 5. The Operator agrees to operate the facility at its own expense subject to all provisions of this Agreement, and shall use and occupy the above premises solely for off-street parking of motor vehicles on a non-discriminatory basis.

In addition, all expenses incurred by the Operator and approved by the Commissioner of Streets and Sanitation through the office of the Deputy Commissioner, Bureau of Parking, shall be reimbursed to the operator by including such expenses as part of the overall budget allotted to the operator for the maintenance and management of said facility, as enumerated in this contract. Any subsequent expenses over and above that allotted by this contract shall be submitted to Office of the Deputy Commissioner and approved in writing. Said expenses either to be pro-rated or paid at the expiration of the contract.

Section 5B. Budget. Operator shall, on or before January 15, 1968, submit to the Commissioner on a form prescribed by the Commissioner a budget of all operating and maintenance expenses, whether or not reimbursable, for the period beginning at the date Facility is opened and ending December 31, 1968, with such detailed supporting data as the Deputy Commissioner of Bureau of Parking may, from time to time, request. Without limiting the generality of the foregoing, the budget shall show the number of persons to be employed by Operator, broken down into various classifications of employees to be used, and also the work schedule and pay rates for each such classification. Each expense item for which reimbursement will be claimed shall be designated as a reimbursable item. Operator shall from time to time submit to the Commissioner supplements to said budget whenever, in the opinion of the Operator, changes in or additions to said budget are necessary. On or before November 30th of each year, beginning with the year 1968, Operator shall submit to the Commissioner or his representative a similar budget for the next calendar year.

No expenditure for any operating or maintenance expense shall be eligible for reimbursement unless said expenditure is included, either before or after it is made, in a budget or supplemental budget approved by the Commissioner.

Section 6. The Operator shall make no alterations or additions without the prior consent of the City of Chicago. All alterations and additions shall remain as part of the premises unless the City shall otherwise elect; this included in particular, but not exclusively, locks, bolts and all fixtures.

Neither the Operator nor any of its employees shall at any time remove from the premises any automobile placed thereon for parking purposes, except with the written permission of the Commissioner, or his duly authorized representative. (g) Time stamp parking tickets, in accordance with regulations and directions of the Commissioner.

(h) Make minor necessary repairs to the plumbing, lighting and heating; Commissioner to determine what constitutes a minor repair.

In the event that the Operator shall fail to comply with any of the above obligations, the City may, after five (5) days notice to comply, in addition to other remedies set forth herein, enter upon said premises and take all steps necessary to insure compliance with the above obligations; and all work, labor and material shall be charged to and paid for by the Operator, plus a reasonable amount for the overhead of the City.

Specifically, and not in limitation of the above and foregoing, the Operator agrees to pay all costs of automobile damages.

Section 12. Failure to submit plans and specifications to the Commissioner within ten (10) days, or failure to commence such restoration work within five (5) days after the Operator has received the approved plans and specifications from the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator. Section 18. Compensation to Operator—Definitions.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 4 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured. The Basic Gross Revenue Level of Facility No. 4, which shall apply to the year covered by this contract (1968), is hereby stated at $250,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1968) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1968) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility No. 4 as shall be determined by an examination of such actual revenues by the City of Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1968. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 4, in accordance with all the provisions of the contract, the Operator shall be paid as Operator's Fees in settlement for the year 1968 under this contract as follows:

(a) A Basic (or minimum) Fee of $10,000, being 4% of a stipulated Basic Gross Revenue Level of $250,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000 each over and above the stipulated Basic Gross Revnue Level of $250,000.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

Note: Re-imbursement of allowable expenses to the Operator shall be at the standard rate of $108,356.00 per year, or at the rate of $ 9030.00 per month, subject to adjustment at the end of each of the quarters of the year. See applicable provisions in this contract.

(Continued from page 3229)

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 4 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1968). The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1968.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1968), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each such month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1968 should approximate $108,356.00. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and cost reimbursement of $9,030.00, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1968, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 3232 of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 4 are increased at any time during the calendar year 1968, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility *(for that proportion of the year for which effective)* shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis on $250,000 (or on an adjusted Monthly basis of $20,833) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis on $275,000 (or on an adjusted Monthly basis of $22,916).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 4 are increased at any time during the calendar year 1968, the Operator shall be paid his stipulated yearly Basic Fee of $10,000, plus an amount that shall represent 4% of the difference between the Basic Gross Revenue Level ($250,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1968 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 4 are increased during the calendar year 1968, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change *(for that proportion of the year for which increases are effective)* to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars).Thus, to illustrate, if without rate increases the Actual Gross Revenue is $350,000 and the Basic Gross Revenue Level is $250,000 (as stipulated), additional fees would apply (to "blocks" of $25,000.00 each) to an aggregate amount of $100,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $385,000 and $275,000, and additional fees would apply to an aggregate amount of $110,000.

Section 19. Operator agrees that in performing under this contract it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin, nor otherwise commit an unfair labor practice. Operator further agrees that this clause will be incorporated by Operator in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this contract. Attention is called to the State Acts approved July 28, 1961. Ill. Rev. Stat. 1963, Ch. 38, Sections 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1963, Ch. 29, Secs. 17 to 24 inclusive; and July 21, 1961, Ill. Rev. Stat. 1963, Ch. 48, Secs. 851 to 866 inclusive, and an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of the Proceedings. To demonstrate compliance the Operator, Contractors and Sub-Contractors will furnish such reports

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1968) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1968) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1968 as shall be determined by an examination of such actual revenues by the City of Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1968. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

[Exhibit "A" printed on page 3238 of this Journal]

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 5 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1968).

The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1968.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1968), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each

OPERATOR'S BASIC FEE ON BASIC GROSS REVENUE LEVEL OF $ 150,000 $ 6,000

OPERATOR'S TOTAL FEES IF ACTUAL GROSS REVENUE UNDER BASIC GROSS REVENUE LEVEL OF $ 150,000 : 4% OF ACTUAL GROSS REVENUE

Note: Re-imbursement of allowable expenses to the Operator shall be at the standard rate of $ 133,151 per year, or at the rate of $11,096 per month, subject to adjustment at the end of each of the quarters of the year. See applicable provisions in this contract.

(Continued from page 3237)

such month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1968 should approximate $133,151. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $11,096, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1968, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 3240 of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 5 are increased at any time during the calendar year 1968, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility (*for that proportion of the year for which effective*) shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis of $150,000 (or on an adjusted Monthly basis $12,500) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis on $165,000 (or on an adjusted Monthly basis of $13,750).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 5 are increased at any time during the calendar year 1968, the Operator shall be paid his stipulated yearly Basic Fee of $6,000, plus an amount that shall represent 4% of the difference between the Basic Gross Revenue Level ($150,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1968 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 5 are increased during the calendar year 1968, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change (*for that proportion of the year for which increases are effective*) to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if without rate increases the Actual Gross Revenue is $250,000 and the Basic Gross Revenue Level is $150,000 (as stipulated), additional fees would apply (to "blocks" of $25,000.00 each) to an aggregate amount of $100,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $275,000 and $165,000, and additional fees would apply to an aggregate amount of $110,000.

Section 19. Operator agrees that in performing under this contract it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin, nor otherwise commit an unfair labor practice. Operator further agrees that this clause will be incorporated by Operator in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this contract. Attention is called to the State Acts approved July 28, 1961. Ill. Rev. Stat. 1963, Ch. 38, Sections 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1963, Ch. 29, Secs. 17 to 24 inclusive; and July 21, 1961, Ill. Rev. Stat. 1963, Ch. 48, Secs. 851 to 866 inclusive, and an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of the Proceedings. To demonstrate compliance the Operator, Contractors and Sub-Contractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

The Operator further agrees:

(a) To select and pay for the personnel to be employed in the operation of the facility unless otherwise specifically provided for in this Agreement.

(b) To furnish prompt, safe, efficient and courteous service adequate to meet all demands for its service at said facility.

(c) To furnish said service on a fair, equal and non-discriminatory basis to all users thereof.

(d) That attendants shall wear uniforms, caps and badges to be supplied by and at the expense of the Operator and shall at all times present a neat and clean appearance. Such uniforms, caps and badges shall be approved by the Commissioner as to color and design.

(e) The Operator agrees to maintain a close watch over attendants to insure that they shall discharge their duties in a safe, courteous and efficient manner to maintain a high standard of safety and service to the public.

(f) To use its best efforts in every proper manner to maintain and develop the business conducted by it hereunder and to increase the same.

(g) Not to divert or cause or allow to be diverted, any business from the facility.

CHICAGO
PARKING FACILITY
OPERATOR'S AGREEMENT

This Agreement, made as of the ..... day of ....., A.D., 196...., between the City of Chicago, a municipal corporation of the State of Illinois, party of the first part (sometimes hereinafter referred to as "City"), and LaSalle-Randolph Garage Corp., a Corporation organized and existing under the laws of the State of Illinois, party of the second part (sometimes hereinafter referred to as "Operator").

Witnesseth:

A. That the City for and in consideration of the covenants and conditions as hereinafter set forth, hereby grants to the Operator the right to operate the facility described as follows:

Parking Facility No. 6
(No. 259 E. Superior St.)

B. The term of this Agreement shall be for the period of one (1) year beginning on the first day of January 1968, and ending on the 31st day of December 1968, unless said term shall be sooner terminated as provided.

It Is Further Covenanted and Agreed as follows:

Section 1. Definition of Terms.

"Bureau of Parking" is that body of the City of Chicago having management and control of the establishment, operation and maintenance of parking facilities.

"Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago or any

other official designated by the City Council to have administrative supervision over the Bureau of Parking.

"Deputy Commissioner" means the Deputy Commissioner of the Bureau of Parking, City of Chicago, or any other official designated by the Commissioner to have administrative supervision of the Bureau of Parking. He shall be directly responsible to the Commissioner for all action affecting the operation and management of the municipally-owned parking facilities.

Section 2. The Operator has examined said premises and appurtenances prior to and as a condition precedent to its acceptance and the execution hereof, and is satisfied with the physical condition thereof and its taking possession shall be conclusive evidence of its receipt thereof in good order and repair except as otherwise specified herein and agrees and admits that no representations as to condition or repair has been made by the City or its agents which is not herein expressed or endorsed hereon; and that no promises to decorate, alter, repair or improve either before or at the execution hereof not contained herein has been made by the City or its agents.

Section 3. The Operator agrees to operate such facility in compliance with this Agreement and all laws, ordinances, rules and regulations which are now in effect or which may hereafter be adopted. The Operator further agrees to conform and comply with all rules and regulations of the Bureau of Parking.

Section 4. The Operator agrees to pay all fees, licenses, taxes and charges assessed under local, State and Federal Statutes or Ordinances insofar as applicable, subject to all provisions of this Agreement.

Section 5. The Operator agrees to operate the facility at its own expense subject to all provisions of this Agreement, and shall use and occupy the above premises solely for off-street parking of motor vehicles on a non-discriminatory basis.

In addition, all expenses incurred by the Operator and approved by the Commissioner of Streets and Sanitation through the office of the Deputy Commissioner, Bureau of Parking, shall be reimbursed to the operator by including such expenses as part of the overall budget allotted to the operator for the maintenance and management of said facility, as enumerated in this contract. Any subsequent expenses over and above that allotted by this contract shall be submitted to Office of the Deputy Commissioner and approved in writing. Said expenses either to be pro-rated or paid at the expiration of the contract.

Section 5B. Budget: Operator shall, or or before January 15, 1968, submit to the Commissioner on a form prescribed by the Commissioner, a budget of all operating and maintenance expenses, whether or not reimbursable, for the period beginning at the date Facility is opened and ending December 31, 1968, with such detailed supporting data as the Deputy Commissioner of Bureau of Parking may, from time to time, request. Without limiting the generality of the foregoing, the budget shall show the number of persons to be employed by Operator, broken down into various classifications of employees to be used, and also the work schedule and pay rates for each such classification. Each expense item for which reimbursement will be claimed shall be designated as a reimbursable item. Operator shall from time to time submit to the Commissioner supplements to said budget whenever, in the opinion of the Operator, changes in or additions to said budget are necessary. On or before November 30th of each year, beginning with the year 1968, Operator shall submit to the Commissioner or his representative a similar budget for the next calendar year.

No expenditure for any operating or maintenance expense shall be eligible for reimbursement unless said expenditure is included, either before or after it is made, in a budget or supplemental budget approved by the Commissioner.

All alterations and additions shall remain as part of the premises unless the City shall otherwise elect; this included in particular, but not exclusively, locks, bolts and all fixtures.

The hours of operation may be changed from time to time by the Commissioner, when authorized and directed to do so by the City Council of the City of Chicago. Section 8. Commercial vehicles may be parked upon the premises only with the permission in writing of the Commissioner and no vehicle whatsoever be permitted to be parked thereon free of charge.

Neither the Operator nor any of its employees shall at any time remove from the premises any automobile placed thereon for parking purposes, except with the written permission of the Commissioner, or his duly authorized representative. Neither the Operator nor its employees shall enter or drive any automobile which has been placed upon the premises for the purpose of self-parking without the written permission of the Commissioner, or his duly authorized representative.

(g) Time stamp parking tickets, in accordance with regulations and directions of the Commissioner.

(h) Make minor necessary repairs to the plumbing, lighting and heating; Commissioner to determine what constitutes a minor repair.

In the event that the Operator shall fail to comply with any of the above obligations, the City may, after five (5) days notice to comply, in addition to other remedies set forth herein, enter upon said premises and take all steps necessary to insure compliance with the above obligations; and all

work, labor and material shall be charged to and paid for by the Operator, plus a reasonable amount for the overhead of the City.

Section 10. The City agrees to maintain and pay for the following:

(h) Supply electric light bulbs and replace worn out bulbs and fuses.

(i) Maintain and replace all gates and barricades.

(j) Maintain all bumper guards.

Section 11. The Operator covenants and agrees to pay, subject to all provisions of this Agreement, all damages for injuries to real or personal property growing out of any negligent act or deed or any omission to act of the Operator or any servant, agent, or employee of the Operator in connection with the operation of the facility under the Agreement and the Operator convenants and agrees to indemnify, save and keep the City harmless against all liabilities, judgments, costs, damages, and expenses of and from any and all claims of any kind or nature whatsoever which may in anywise come against the City for or on account of personal injuries to real or personal property or to the loss of any personal property caused or claimed to have been caused as a result of the use of said premises and of the parking of motor vehicles in said premises, including court and stenographic costs and an amount in reimbursement of attorney's fees. Specifically, and not in limitation of the above and foregoing, the Operator agrees to pay all costs of automobile damages.

Section 12. The City of Chicago, Parking Revenue Fund, at its own expense, at or before the execution and subject to all provisions of the Agreement, agrees to furnish all of the insurance required under this Section 12. All policies of insurance shall be in the name as designated below and shall be delivered to and held by the City Comptroller and shall be with insurance companies approved by the City Comptroller.

Each such insurance policy shall contain a provision that it cannot be cancelled unless thirty (30) days notice of cancellation shall first have been served upon the City Comptroller.

It is further agreed that any additional premiums or audits shall be paid by the City of Chicago; any return premiums or audits shall be paid to the City of Chicago.

Section 13. If said Parking Facility shall be damaged by fire, explosion, or other casualty and if, in the opinion of the Commissioner, said damages are repairable within a reasonable time, the Operator agrees to make all repairs according to plans and specifications approved by the Commissioner, which are necessary to restore the parking facility to the condition which existed prior to said damage.

Failure to submit plans and specifications to the Commissioner within ten (10) days, or failure to commence such restoration work within five (5) days after the Operator has received the approved plans and specifications from the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator. The cost of such repairs or restoration shall be paid over from the funds received by the City under insurance policies insofar as they will cover the damage or loss insured. 50% of the balance of such cost shall be paid by the City. 50% shall be paid by the Operator.

Section 14. The Operator agrees to keep accurate records, books, and accounts in a manner di-

rected by the Commissioner and authorized personnel shall have the right to examine said records, books, and accounts at any reasonable time.

Such bond to be approved by the Comptroller.

Section 16. Upon termination of this Agreement by lapse of time or otherwise, the Operator shall surrender and turn over possession of the premises to the City in the same manner and condition as it received the premises, excepting reasonable wear and tear.

Section 17. No signs, billboards, posters or similar devices shall be erected, displayed or mounted in view of the general public or about the parking facility without the prior written approval of the Commissioner and any such signs, billboards, posters or similar devices not approved by him may be removed by the City at the expense of the Operator. The City may from time to time erect and maintain on the premises such signs as it may deem advisable.

Section 18. Compensation to Operator—Definitions.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 6 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured. The Basic Gross Revenue Level of Facility No. 6, which shall apply to the year covered by this contract (1968), is hereby stated at $350,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1968) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1968) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1968 as shall be determined by an examination of such actual revenues by the City of Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1968. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 6, in accordance with all the provisions of the contract, the Operator shall be paid as Operator's Fees in settlement for the year 1968 under this contract as follows:

(a) A Basic (or minimum) Fee of $14,000, being 4% of a stipulated Basic Gross Revenue Level of $350,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000.00 each over and above the stipulated Basic Gross Revenue Level of $350,000.00.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

[Exhibit "A" printed on page 3246 of this Journal]

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 6 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1968).

The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1968.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1968), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1968 should approximate $165,712. It is hereby stipulated, therefore, that for the purpose of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $13,809, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1968, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when

Note: Reimbursement of allowable expenses to the Operator shall be at the estimated rate of $165,712 per year, or at the amount of $13,809 per month, subject to adjustment as of the end of each fiscal year pursuant to the provisions of Section [illegible] of the Agreement.

added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 3248 of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 6 are increased at any time during the calendar year 1968, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility (*for that proportion of the year for which effective*) shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis on $350,000 (or on an adjusted Monthly basis $29,167) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis on $385,000 (or on an adjusted Monthly basis of $32,083).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 6 are increased at any time during the calendar year 1968, the Operator shall be paid his stipulated yearly Basic Fee of $14,000, plus an amount that shall represent 4% of the difference between the Basic Gross Revenue Level ($350,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1968 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 6 are increased during the calendar year 1968, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change (*for that proportion of the year for which increases are effective*) to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if without rate increases the Actual Gross Revenue is $450,000 and the Basic Gross Revenue Level is $350,000 (as stipulated), additional fees would apply (to "blocks" of $25,000 each) to an aggregate amount of $100,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $495,000 and $385,000, and additional fees would apply to an aggregate amount of $110,000.

Section 19. Operator agrees that in performing under this contract it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin, nor otherwise commit an unfair labor practice. Operator further agrees that this clause will be incorporated by Operator in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this contract. Attention is called to the State Acts approved July 28, 1961. Ill. Rev. Stat. 1963, Ch. 38, Sections 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1963, Ch. 29, Secs. 17 to 24 inclusive; and July 21, 1961, Ill. Rev. Stat. 1963, Ch. 48, Secs. 851 to 866 inclusive, and an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of the Proceedings. To demonstrate compliance the Operator, Contractors and Sub-Contractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

The Operator further agrees:

(a) To select and pay for the personnel to be employed in the operation of the facility unless otherwise specifically provided for in this Agreement.

(b) To furnish prompt, safe, efficient and courteous service adequate to meet all demands for its service at said facility.

(c) To furnish said service on a fair, equal and non-discriminatory basis to all users thereof.

(d) That attendants shall wear uniforms, caps and badges to be supplied by and at the expense of the Operator and shall at all times present a neat and clean appearance. Such uniforms, caps and badges shall be approved by the Commissioner as to color and design.

(e) The Operator agrees to maintain a close watch over attendants to insure that they shall discharge their duties in a safe, courteous and efficient manner to maintain a high standard of safety and service to the public.

(f) To use its best efforts in every proper manner to maintain and develop the business conducted by it hereunder and to increase the same.

(g) Not to divert or cause or allow to be diverted, any business from the facility.

Section 20. It is expressly agreed between the parties hereto that in the event the demised premises shall be deserted, vacated, abandoned, or if default be made in payment of the rent or any part thereof as herein specified, or if, the Operator shall sell, assign, or mortgage this Agreement or if default be made in the performance by the Operator, or if the Operator shall fail to comply with any of the Statutes, Ordinances, rules, orders, regulations and requirements of the Federal, State and City Government or of any and all their departments and bureaus applicable to said premises or hereafter established as herein provided, or if the Operator shall file a petition in bankruptcy or be adjudicated a bankrupt, or make an assignment for the benefit of creditors or take advantage of any insolvency act, the City may elect to terminate this Agreement and the term hereof, and in the event the City elects to terminate this lease because of a violation of this Section 20, upon such termination, the Operator shall compensate the City for the loss in revenue suffered by reason of such termination and provi-

CHICAGO
PARKING FACILITY
OPERATOR'S AGREEMENT

This Agreement, made as of the ..... day of ....., A.D. 196...., between the City of Chicago, a municipal corporation of the State of Illinois, party of the first part (sometimes hereinafter referred to as "City"), and LaSalle Parking Corporation, a Corporation organized and existing under the laws of the State of Illinois, party of the second part (sometimes hereinafter referred to as "Operator").

Witnesseth:

A. That the City for and in consideration of the covenants and conditions as hereinafter set forth, hereby grants to the Operator the right to operate the facility described as follows:

Parking Facility No. 8
(120 N. LaSalle Street)

B. The term of this Agreement shall be for the period of one (1) year beginning on the first day of January 1968, and ending on the 31st day of December 1968, unless said term shall be sooner terminated as provided.

It Is Further Covenanted and Agreed as follows:

Section 1. Definition of Terms.

"Bureau of Parking" is that body of the City of Chicago having management and control of the establishment, operation and maintenance of parking facilities.

"Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago or any other official designated by the City Council to have administrative supervision over the Bureau of Parking. "Deputy Commissioner" means the Deputy Commissioner of the Bureau of Parking, City of Chicago, or any other official designated by the Commissioner to have administrative supervision of the Bureau of Parking. He shall be directly responsible to the Commissioner for all action affecting the operation and management of the municipally-owned parking facilities.

Section 2. The Operator has examined said premises and appurtenances prior to and as a condition precedent to its acceptance and the execution hereof, and is satisfied with the physical condition thereof and its taking possession shall be conclusive evidence of its receipt thereof in good order and repair except as otherwise specified herein and agrees and admits that no representations as to condition or repair has been made by the City or its agents which is not herein expressed or endorsed hereon; and that no promises to decorate, alter, repair or improve either before or at the execution hereof not contained herein has been made by the City or its agents.

Section 3. The Operator agrees to operate such facility in compliance with this Agreement and all laws, ordinances, rules and regulations which are now in effect or which may hereafter be adopted. The Operator further agrees to conform and comply with all rules and regulations of the Bureau of Parking.

Section 4. The Operator agrees to pay all fees, licenses, taxes and charges assessed under local, State and Federal Statutes or Ordinances insofar as they are applicable, subject to all provisions of this Agreement.

Section 5. The Operator agrees to operate the facility at its own expense subject to all provisions

of this Agreement, and shall use and occupy the above premises solely for off-street parking of motor vehicles on a non-discriminatory basis.

In addition, all expenses incurred by the Operator and approved by the Commissioner of Streets and Sanitation through the office of the Deputy Commissioner, Bureau of Parking, shall be reimbursed to the operator by including such expenses as part of the overall budget allotted to the operator for the maintenance and management of said facility, as enumerated in this contract. Any subsequent expenses over and above that allotted by this contract shall be submitted to Office of the Deputy Commissioner and approved in writing. Said expenses either to be pro-rated or paid at the expiration of the contract.

Section 5B. Budget: Operator shall, on or before January 15, 1968 submit to the Commissioner on a form prescribed by the Commissioner, a budget of all operating and maintenance expenses, whether or not reimbursable, for the period beginning at the date Facility is opened and ending December 31, 1968, with such detailed supporting data as the Deputy Commissioner of Bureau of Parking may, from time to time, request. Without limiting the generality of the foregoing, the budget shall show the number of persons to be employed by Operator, broken down into various classifications of employees to be used, and also the work schedule and pay rates for each such classification. Each expense item for which reimbursement will be claimed shall be designated as a reimbursable item. Operator shall from time to time submit to the Commissioner supplements to said budget whenever, in the opinion of the Operator, changes in or additions to said budget are necessary. On or before November 30th of each year, beginning with the year 1968, Operator shall submit to the Commissioner or his representative a similar budget for the next calendar year.

No expenditure for any operating or maintenance expense shall be eligible for reimbursement unless said expenditure is included, either before or after it is made, in a budget or supplemental budget approved by the Commissioner.

Section 6. The Operator shall make no alterations or additions without the prior consent of the City of Chicago. All alterations and additions shall remain as part of the premises unless the City shall otherwise elect; this included in particular, but not exclusively, locks, bolts and all fixtures.

Section 7. The Operator agrees to operate the facility twenty-four (24) hours a day, seven (7) days a week, holidays included. The hours of operation may be changed from time to time by the Commissioner, when authorized and directed to do so by the City Council of the City of Chicago. Such change shall take effect within forty-eight (48) hours, Sundays and holidays excluded, after written notice thereof is received by the Operator.

Section 8. Commercial vehicles may be parked upon the premises only with the permission in writing of the Commissioner and no vehicle whatsoever be permitted to be parked thereon free of charge. Neither the Operator nor any of its employees shall at any time remove from the premises any automobile placed thereon for parking purposes, except with the written permission of the Commissioner, or his duly authorized representative. Neither the Operator nor its employees shall enter or drive any automobile which has been placed upon the premises for the purpose of self-parking without the written permission of the Commissioner, or his duly authorized representative.

Section 9. The Operator agrees to maintain the facility at its own expense, subject to all provisions of the Agreement from day to day, in good condition and repair, and agrees to specifically:

(a) Maintain all wheel stops.

(b) Maintain and care for all planting.

(c) Maintain all wash rooms and toilets according to the standards established by the Commissioner.

(g) Time stamp parking tickets, in accordance with regulations and directions of the Commissioner.

(h) Make minor necessary repairs to the plumbing, lighting and heating; Commissioner to determine what constitutes a minor repair.

In the event that the Operator shall fail to comply with any of the above obligations, the City may, after five (5) days notice to comply, in addition to other remedies set forth herein, enter upon said premises and take all steps necessary to insure compliance with the above obligations; and all work, labor and material shall be charged to and paid for by the Operator, plus a reasonable amount for the overhead of the City.

(i) Maintain and replace all gates and barricades.

(j) Maintain all bumper guards.

Section 11. The Operator covenants and agrees to pay, subject to all provisions of this Agreement, all damages for injuries to real or personal property growing out of any negligent act or deed or any omission to act of the Operator or any servant, agent, or employee of the Operator in connection with the operation of the facility under the Agreement and the Operator covenants and agrees to indemnify, save and keep the City harmless against all liabilities, judgments, costs, damages, and expenses of and from any and all claims of any kind or nature whatsoever which may in anywise come against the City for or on account of personal injuries to real or personal property or to the loss of

any personal property caused or claimed to have been caused as a result of the use of said premises and of the parking of motor vehicles in said premises, including court and stenographic costs and an amount in reimbursement of attorney's fees. Specifically, and not in limitation of the above and foregoing, the Operator agrees to pay all costs of automobile damages.

Section 12. The City of Chicago, Parking Revenue Fund, at its own expense, at or before the execution and subject to all provisions of the Agreement, agrees to furnish all of the insurance required under this Section 12. All policies of insurance shall be in the name as designated below and shall be delivered to and held by the City Comptroller and shall be with insurance companies approved by the City Comptroller.

Each such insurance policy shall contain a provision that it cannot be cancelled unless thirty (30) days notice of cancellation shall first have been served upon the City Comptroller.

The following policies shall be in the name of the City of Chicago and the Operator:

Section 13. If said Parking Facility shall be damaged by fire, explosion, or other casualty and if, in the opinion of the Commissioner, said damages are repairable within a reasonable time, the Operator agrees to make all repairs according to plans and specifications approved by the Commissioner, which are necessary to restore the parking facility to the condition which existed prior to said damage.

Failure to submit plans and specifications to the Commissioner within ten (10) days, or failure to commence such restoration work within five (5) days after the Operator has received the approved plans and specifications from the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator. The cost of such repairs or restoration shall be paid over from the funds received by the City under insurance policies insofar as they will cover the damage or loss insured. 50% of the balance of such cost shall be paid by the City. 50% shall be paid by the Operator.

Such bond to be approved by the Comptroller.

Section 16. Upon termination of this Agreement by lapse of time or otherwise, the Operator shall surrender and turn over possession of the premises to the City in the same manner and condition as it received the premises, excepting reasonable wear and tear.

Section 17. No signs, billboards, posters or similar devices shall be erected, displayed or mounted in view of the general public or about the parking facility without the prior written approval of the Commissioner and any such signs, billboards, posters or similar devices not approved by him may be removed by the City at the expense of the Operator. The City may from time to time erect and maintain on the premises such signs as it may deem advisable.

Section 18. Compensation to Operator—Definitions.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 8 during selected series of consecutive prior

years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured. The Basic Gross Revenue Level of Facility No. 8, which shall apply to the year covered by this contract (1968), is hereby stated at $300,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1968) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1968) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1968 as shall be determined by an examination of such actual revenues by the City of Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1968. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

Compensation To Operator

For his faithful performance as Operator of Facility No. 8, in accordance with all the provisions of the contract, the Operator shall be paid as Operator's Fees in settlement for the year 1968 under this contract as follows:

(a) A Basic (or minimum) Fee of $14,000, being 4-⅔% of a stipulated Basic Gross Revenue Level of $300,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000 each over and above the stipulated Basic Gross Revenue Level of $300,000.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

[Exhibit "A" printed on page 3254 of this Journal]

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 8 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for All Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1968). The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1968.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1968), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1968 should approximate $124,896.00. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and cost reimbursement of $10,408.00, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1968, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 3255 of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 8 are increased at any time during the calendar year 1968, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility *(for that proportion of the year for which effective)* shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis on $300,000 (or on an adjusted Monthly basis $25,000) shall be increased to an Adjusted Basic

Note: Reimbursement of allowable expenses to the Operator shall be at the standard amount of $10,408.00 per month, subject to adjustment at the end of each of the quarters [illegible]

(Continued from page 3253)

Gross Revenue Level, stated on a Yearly basis on $330,000 (or on an adjusted Monthly basis of $27,500).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 8 are increased at any time during the calendar year 1968, the Operator shall be paid his stipulated yearly Basic Fee of $14,000, plus an amount that shall represent 4-⅔% the difference between the Basic Gross Revenue Level ($300,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1968 during which the increase in rates shall be effective .

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 8 are increased during the calendar year 1968, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change *(for that proportion of the year for which increases are effective)* to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if without rate increases the Actual Gross Revenue is $350,000 and the Basic Gross Revenue Level is $300,000 (as stipulated), additional fees would apply (to "blocks" of $25,000 each) to an aggregate amount of $50,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $385,000 and $330,000, and additional fees would apply to an aggregate amount of $55,000.00.

Section 19. Operator agrees that in performing under this contract it shall not discriminate against any worker, employee or applicant, or any member of the Public, because of race, creed, color or national origin, nor otherwise commit an unfair labor practice. The Operator agrees to pay and discharge all costs, expenses and an amount in reimbursement for attorney's fees which shall be incurred and expanded by the City in enforcing the covenants of this Agreement, whether by the institution of litigation or in taking advice of Counsel, or otherwise. CHICAGO
PARKING FACILITY
OPERATOR'S AGREEMENT

This Agreement, made as of the .....day of ....., A.D., 196...., between the City of Chicago, a municipal corporation of the State of Illinois, party of the first part (sometimes hereinafter referred to as "City"), and Rialto Parking Service Corporation, a corporation organized and existing under the laws of the State of Illinois, party of the second part (sometimes hereinafter referred to as "Operator").

Witnesseth:

A. That the City for and in consideration of the covenants and conditions as hereinafter set forth, hereby grants to the Operator the right to operate the facility described as follows:

Parking Facility No. 9
(No. 320 N. LaSalle Street)

B. The term of this Agreement shall be for the period of one (1) year beginning on the first day of January 1968, and ending on the 31st day of December 1968, unless said term shall be sooner terminated as provided.

It Is Further Covenanted and Agreed as follows:

Section 1. Definition of Terms.

"Bureau of Parking" is that body of the City of Chicago having management and control of the establishment, operation and maintenance of parking facilities.

"Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

"Deputy Commissioner" means the Deputy Commissioner of the Bureau of Parking, City of Chicago, or any other official designated by the Commissioner to have administrative supervision of the Bureau of Parking. He shall be directly responsible to the Commissioner for all action affecting the operation and management of the municipally-owned parking facilities.

Section 2. The Operator has examined said premises and appurtenances prior to and as a condition precedent to its acceptance and the execution hereof, and is satisfied with the physical condition thereof and its taking possession shall be conclusive evidence of its receipt thereof in good order and repair except as otherwise specified herein and agrees and admits that no representations as to condition or repair has been made by the City or its agents which is not herein expressed or endorsed hereon; and that no promises to decorate, alter, repair or improve either before or at the execution hereof not contained herein has been made by the City or its agents.

Section 3. The Operator agrees to operate such facility in compliance with this Agreement and all laws, ordinances, rules and regulations which are now in effect or which may hereafter be adopted. The Operator further agrees to conform and comply with all rules and regulations of the Bureau of Parking.

Section 4. The Operator agrees to pay all fees, licenses, taxes and charges assessed under local, State and Federal Statutes or Ordinances insofar as they are applicable, subject to all provisions of this Agreement.

Section 5. The Operator agrees to operate the facility at its own expense subject to all provisions of this Agreement, and shall use and occupy the above premises solely for off-street parking of motor vehicles on a non-discriminatory basis.

In addition, all expenses incurred by the Operator and approved by the Commissioner of Streets and Sanitation through the office of the Deputy Commissioner, Bureau of Parking, shall be reimbursed to the operator by including such expenses as part of the overall budget allotted to the operator for the maintenance and management of said facility, as enumerated in this contract. Any subsequent expenses over and above that allotted by this contract shall be submitted to Office of the Deputy Commissioner and approved in writing. Said expenses either to be pro-rated or paid at the expiration of the contract.

Without limiting the generality of the foregoing, the budget shall show the number of persons to be employed by Operator, broken down into various classifications of employees to be used, and also the work schedule and pay rates for each such classification. Each expense item for which reimbursement will be claimed shall be designated as a reimbursable item. Operator shall from time to time submit to the Commissioner supplements to said budget whenever, in the opinion of the Operator, changes in or additions to said

budget are necessary. On or before November 30th of each year, beginning with the year 1968, Operator shall submit to the Commissioner or his representative a similar budget for the next calendar year.

No expenditure for any operating or maintenance expense shall be eligible for reimbursement unless said expenditure is included, either before or after it is made, in a budget or supplemental budget approved by the Commissioner.

Section 6. The Operator shall make no alterations or additions without the prior consent of the City of Chicago. All alterations and additions shall remain as part of the premises unless the City shall otherwise elect; this included in particular, but not exclusively, locks, bolts and all fixtures.

In the event that the Operator shall fail to comply with any of the above obligations, the City may, after five (5) days notice to comply, in addition to other remedies set forth herein, enter upon said premises and take all steps necessary to insure compliance with the above obligations; and all work, labor and material shall be charged to and paid for by the Operator, plus a reasonable amount for the overhead of the City.

Specifically, and not in limitation of the above and foregoing, the Operator agrees to pay all costs of automobile damages.

Section 12. The City of Chicago, Parking Revenue Fund, at its own expense, at or before the execution and subject to all provisions of the Agreement, agrees to furnish all of the insurance required under this Section 12. All policies of insurance shall be in the name as designated below and shall be delivered to and held by the City Comptroller and shall be with insurance companies approved by the City Comptroller.

Failure to submit plans and specifications to the Commissioner within ten (10) days, or failure to commence such restoration work within five (5) days after the Operator has received the approved plans and specifications from the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator. The City may from time to time erect and maintain on the premises such signs as it may deem advisable.

Section 18. Compensation to Operator—Definitions.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 9 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured. The Basic Gross Revenue Level of Facility No. 9, which shall apply to the year covered by this contract (1968), is hereby stated at $300,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1968) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1968) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1968 as shall be determined by an examination of such actual revenues by the City of Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1968. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 9, in accordance with all the provisions of the contract, the Operator shall be paid as Operator's Fees in settlement for the year 1968 under this contract as follows:

(a) A Basic (or minimum) Fee of $12,000 being 4% of a stipulated Basic Gross Revenue Level of $300,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000 each over and above the stipulated Basic Gross Revenue Level of $300,000.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 9 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1968). The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the Calendar year 1968.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1968), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each such month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1968 should approximate $160,308.00. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $13,359.00, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1968, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 3263 of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 9 are increased at any time during the calendar year 1968, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility *(for that proportion of the year for which effective)* shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis on $300,000 (or on an adjusted Monthly basis $25,000) shall be increased to an Adjusted Basic Gross Revenue level, stated on a Yearly basis on $330,000 (or on an adjusted Monthly basis of $27,500).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 9 are increased at any time during the calendar year 1968, the Operator shall be paid his stipulated yearly Basic Fee of $12,000, plus an amount that shall represent 4% of the difference between the Basic Gross Revenue Level ($300,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1968 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 9 are increased during the calendar year 1968, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change *(for that proportion of the year for which increases are effective)* to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if without rate increases the Actual Gross Revenue is $350,000 and the Basic Gross Revenue Level is $300,000 (as stipulated), additional fees would apply (to "blocks" of $25,000.00 each) to an aggregate amount of $50,000. If, however, there is a rate increase of 10%, the actual gross revenues and basic Revenue Level would (placed on a Yearly basis) become, respectively, $385,000 and $330,000, and additional fees would apply to an aggregate amount $55,000.00.

Section 19. Operator agrees that in performing under this contract it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin, nor otherwise commit an unfair labor practice. Operator further agrees that this

SECTION 1. That the Commissioner of Streets and Sanitation is hereby authorized and directed to execute on behalf of the City of Chicago, and the City Comptroller to countersign, the Deputy Commissioner of Parking to countersign, and the City Clerk to attest upon approval of the Corporation Counsel, as to form and legality, a Parking Facility Operator's Agreement between the City of Chicago and Norman Auto Parks, Inc., for parking facility No. 10 at No. 535 N. St. Clair Street. Said agreement is attached to this ordinance and made a part hereof, the same as if incorporated herein.

CHICAGO

This Agreement, made as of the ..... day of ....., A.D., 196....., between the City of Chicago, a municipal corporation of the State of Illinois, party of the first part (sometimes hereinafter referred to as "City"), and Norman Auto Parks, Inc., a Corporation organized and existing under the laws of the State of Illinois, party of the second part (sometimes hereinafter referred to as "Operator").

Witnesseth:

A. That the City for and in consideration of the covenants and conditions as hereinafter set forth, hereby grants to the Operator the right to operate the facility described as follows:

Parking Facility No. 10
(No. 535 N. St. Clair Street)

B. The term of this Agreement shall be for the period of one (1) year beginning on the first day of January 1968, and ending on the 31st day of December 1968, unless said term shall be sooner terminated as provided.

It Is Further Covenanted and Agreed as follows:

Section 1. Definition of Terms.

"Bureau of Parking" is that body of the City of Chicago having management and control of the establishment, operation and maintenance of parking facilities.

"Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

"Deputy Commissioner" means the Deputy Commissioner of the Bureau of Parking, City of Chicago, or any other official designated by the Commissioner to have administrative supervision of the Bureau of Parking. He shall be directly responsible to the Commissioner for all action affecting the operation and management of the municipally-owned parking facilities.

Section 2. The Operator has examined said premises and appurtenances prior to and as a condition precedent to its acceptance and the execution hereof, and is satisfied with the physical condition thereof and its taking possession shall be conclusive evidence of its receipt thereof in good order and repair except as otherwise specified herein and agrees and admits that no representations as to condition or repair has been made by the City or its agents which is not herein expressed or endorsed hereon; and that no promises to decorate, alter, repair or improve either before or at the execution hereof not contained herein has been made by the City or its agents.

Section 3. The Operator agrees to operate such facility in compliance with this Agreement and all laws, ordinances, rules and regulations which are now in effect or which may hereafter be adopted. The Operator further agrees to conform and comply with all rules and regulations of the Bureau of Parking.

Section 4. The Operator agrees to pay all fees, licenses, taxes and charges assessed under local, State and Federal Statutes or Ordinances insofar as they are applicable, subject to all provisions of this Agreement.

Section 5. The Operator agrees to operate the facility at its own expense subject to all provisions of this Agreement, and shall use and occupy the above premises solely for off-street parking of motor vehicles on a non-discriminatory basis.

In addition, all expenses incurred by the Operator and approved by the Commissioner of Streets and Sanitation through the office of the Deputy Commissioner, Bureau of Parking, shall be reimbursed to the operator by including such expenses as part of the overall budget allotted to the operator for the maintenance and management of said facility, as enumerated in this contract. Any subsequent expenses over and above that allotted by this contract shall be submitted to Office of the Deputy Commissioner and approved in writing. Said expenses either to be pro-rated or paid at the expiration of the contract.

Section 5B. Budget: Operator shall, on or before January 15, 1968, submit to the Commissioner on a form prescribed by the Commissioner, a budget of all operating and maintenance expenses, whether or not reimbursable, for the period beginning at the date Facility is opened and ending December 31, 1968, with such detailed supporting data as the Deputy Commissioner of Bureau of Parking may, from time to time, request. Without limiting the generality of the foregoing, the budget shall show the number of persons to be employed by Operator, broken down into various classifications of employees to be used, and also the work schedule and pay rates for each such classification. Each expense item for which reimbursement will be claimed shall be designated as a reimbursable item. Operator shall from time to time submit to the Commissioner supplements to said budget whenever, in the opinion of the Operator, changes in or additions to said budget are necessary. On or before November 30th of each year, beginning with the year 1968, Operator shall submit to the Commissioner or his representative a similar budget for the next calendar year.

No expenditure for any operating or maintenance expense shall be eligible for reimbursement unless said expenditure is included, either before or after it is made, in a budget or supplemental budget approved by the Commissioner.

Section 6. The Operator shall make no alterations or additions without the prior consent of the City of Chicago. All alterations and additions shall remain as part of the premises unless the City shall otherwise elect; this included in particular, but not exclusively, locks, bolts and all fixtures.

Section 7. The Operator agrees to operate the facility twenty-four (24) hours a day, seven (7) days a week, holidays included. The hours of opera-

tion may be changed from time to time by the Commissioner, when authorized and directed to do so by the City Council of the City of Chicago. Such change shall take effect within forty-eight (48) hours, Sundays and holidays excluded, after written notice thereof is received by the Operator.

Section 8. Commercial vehicles may be parked upon the premises only with the permission in writing of the Commissioner and no vehicle whatsoever be permitted to be parked thereon free of charge.

Neither the Operator nor any of its employees shall at any time remove from the premises any automobile placed thereon for parking purposes, except with the written permission of the Commissioner, or his duly authorized representative. Neither the Operator nor its employees shall enter or drive any automobile which has been placed upon the premises for the purpose of self-parking without the written permission of the Commissioner, or his duly authorized representative.

Section 9. The Operator agrees to maintain the facility at its own expense, subject to all provisions of the Agreement from day to day, in good condition and repair, and agrees to specifically:

(g) Time stamp parking tickets, in accordance with regulations and directions of the Commissioner.

(h) Make minor necessary repairs to the plumbing, lighting and heating; Commissioner to determine what constitutes a minor repair.

In the event that the Operator shall fail to comply with any of the above obligations, the City may, after five (5) days notice to comply, in addition to other remedies set forth herein, enter upon said premises and take all steps necessary to insure compliance with the above obligations; and all work, labor and material shall be charged to and paid for by the Operator, plus a reasonable amount for the overhead of the City.

(j) Maintain all bumper guards.

Section 11. The Operator covenants and agrees to pay, subject to all provisions of this Agreement, all damages for injuries to real or personal property growing out of any negligent act or deed or any omission to act of the Operator or any servant, agent, or employee of the Operator in connection with the operation of the facility under the Agreement and the Operator convenants and agrees to indemnify, save and keep the City harmless against all liabilities, judgments, costs, damages, and expenses of and from any and all claims of any kind or nature whatsoever which may in anywise come against the City for or on account of personal injuries to real or personal property or to the loss of any personal property caused or claimed to have been caused as a result of the use of said premises and of the parking of motor vehicles in said premises, including court and stenographic costs and an amount in reimbursement of attorney's fees. Specifically, and not in limitation of the above and foregoing, the Operator agrees to pay all costs of automobile damages.

Section 12. The City of Chicago, Parking Revenue Fund, at its own expense, at or before the execution and subject to all provisions of the Agreement, agrees to furnish all of the insurance required under this Section 12. All policies of insurance shall be in the name as designated below and shall be delivered to and held by the City Comptroller and shall be with insurance companies approved by the City Comptroller.

Each such insurance policy shall contain a provision that it cannot be cancelled unless thirty (30) days notice of cancellation shall first have been served upon the City Comptroller.

The following policies shall be in the name of the City of Chicago and the Operator:

(d) Garage Keepers' Legal Liability, fire and explosion, theft of automobile and combined coverage—riot, civil commotion, vandalism and malicious mischief $25.00 deductible—collision and upset $100.00 deductible.

(e) Plate glass, full coverage.

The following policies shall be in the name of the City of Chicago only:

(a) Owners' or Landlords' Protective Policy—$250,000.00 for any one person $500,000.00

The following policies shall be in the name of the Operator only:

(a) Workmen's Compensation and Occupational Disease Insurance covering all employees engaged in any work under this Agreement. Employer's Liability to be not less than $100,000.00.

(b) Commercial Blanket Bond $25,000.00 coverage; all employees.

(c) $3,000.00 Broad Form Money and Securities Policy including interior and exterior coverage if necessary.

It is further agreed that any additional premiums or audits shall be paid by the City of Chicago; any return premiums or audits shall be paid to the City of Chicago.

Section 13. If said Parking Facility shall be damaged by fire, explosion, or other casualty and if, in the opinion of the Commissioner, said damages are repairable within a reasonable time, the Operator agrees to make all repairs according to plans and specifications approved by the Commissioner, which are necessary to restore the parking facility to the condition which existed prior to said damage.

Failure to submit plans and specifications to the Commissioner within ten (10) days, or failure to commence such restoration work within five (5) days after the Operator has received the approved plans and specifications from the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator. The cost of such repairs or restoration shall be paid over from the funds received by the City under insurance policies insofar as they will cover the damage or loss insured. 50% of the balance of such cost shall be paid by the City. 50% shall be paid by the Operator.

Section 14. The Operator agrees to keep accurate records, books, and accounts in a manner directed by the Commissioner and authorized personnel shall have the right to examine said records, books, and accounts at any reasonable time.

The Operator agrees to deliver to the City at the time of execution of this Agreement, an approved government bond payable to bearer or the City of Chicago or an approved performance bond in the amount of $10,000.00 and conditioned upon the full and faithful performance by the Operator of each and all of the covenants and agreements and undertakings as set forth in this Agreement. Such bond to be approved by the Comptroller.

Section 16. Upon termination of this Agreement by lapse of time or otherwise, the Operator shall surrender and turn over possession of the premises to the City in the same manner and condition as it received the premises, excepting reasonable wear and tear.

Section 17. No signs, billboards, posters or similar devices shall be erected, displayed or mounted in view of the general public or about the parking facility without the prior written approval of the Commissioner and any such signs, billboards, posters or similar devices not approved by him may be removed by the City at the expense of the Operator. The City may from time to time erect and maintain on the premises such signs as it may deem advisable.

Section 18. Compensation to Operator—Definitions.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 10 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured. The Basic Gross Revenue Level of Facility No. 10, which shall apply to the year covered by this contract (1968), is hereby stated at $125,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1968) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1968) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1968 as shall be determined by an examination of such actual revenues by the City of Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1968. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 10, in accordance with all the provisions of the contract, the Operator shall be paid as Operator's Fees in settlement for the year 1968 under this contract as follows:

(a) A Basic (or minimum) Fee of $6,250 being 5% of a stipulated Basic Gross Revenue Level of $125,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000 each over and above the stipulated Basic Gross Revenue Level of $125,000.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceeding stipulations.

[Exhibit "A" printed on page 3270 of this Journal]

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 10 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1968).

The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1968.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1968), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1968 should approximate $61,137.00. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $5,095.00, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1968, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 3271 of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 10 are increased at any time during the calendar year 1968, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility (*for that proportion of the year for which effective*) shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis of $125,000 (or on an adjusted monthly basis $10,417) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis of $137,000 (or on an adjusted Monthly basis of $11,458).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 10 are increased at any time during the calendar year 1968, the Operator shall be paid his stipulated yearly Basic Fee of $6,250, plus an amount that shall represent 4% of the difference between the Basic Gross Revenue Level ($125,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1968 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 10 are increased during the calendar year 1968, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change (*for that proportion of the year for which increases are effective*) to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). This, to illustrate, if without rate increases the Actual Gross Revenue is $175,000 and the Basic Gross Revenue Level is $125,000 (as stipulated), additional fees would apply (to "blocks" of $25,000 each) to an aggregate amount of $50,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $192,500 and $137,500, and additional fees would apply to an aggregate amount of $55,000.

Section 19. Operator agrees that in performing under this contract it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin, nor otherwise commit an unfair labor practice. Operator further agrees that this clause will be incorporated by Operator in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this contract. Attention is called to the State Acts approved July 28, 1961. Ill. Rev. Stat. 1963, Ch. 38, Sections 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1963, Ch. 29, Secs. 17 to 24 inclusive; and July 21, 1961, Ill. Rev. Stat. 1963, Ch. 48, Secs. 851 to 866 inclusive, and an ordinance passed by the City Council

Mayor Authorized to Appoint Citizens' Committee to Mobilize Agencies and Facilities to Coordinate and Develop Plans, Etc. for Public Support of Navy-Air Force Game on Oct. 12, 1968.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, One of the most spectacular events ever held in Chicago was the Army-Navy football game played in Soldier Field in 1926 and battled to a 21-21 tie; and

WHEREAS, This meeting of the Service Academies football teams afforded Chicago the opportunity to be host to the 1,000 cadets from West Point and the 1,000 middies from Annapolis; and

WHEREAS, Walter Eckersall, one of the great football players and sports writers of all time, in writing of the game predicted that the Army-Navy game would stay forever in the memory of the 111,000 persons who attended the game and that the huge gathering would relate many times the spectacular entrance of the cadets and middies to the playing field. Eckersall wrote: "These and many other events helped make that great game the most spectacular and nerve-wracking ever played"; and

WHEREAS, In 1963 and in 1965, in the tradition of the 1926 game, the United States Military Academy and the United States Air Force Academy brought their teams and their student bodies together, and as in 1926 the great James O'Donnell Bennett wrote about the appearance of the cadets and midshipmen: "There they stood in the blast—the republic's fortress of youth, the mental and physical flower of the land"; and

WHEREAS, On October 12, 1968, forty-two years later, two of the football teams of the Service Schools, the United States Naval Academy and the United States Air Force Academy, with the cadet and midshipmen ranks now grown to 7,000 of our finest youth, as then, our republic's fortress of youth, will again present for Chicago and the nation a game and military spectacle which cannot be matched anywhere else in the nation; and

WHEREAS, At the previous military school games, Chicago set a pattern for hospitality which has never before nor since been surpassed; now, therefore,

Be It Resolved, That the Mayor be authorized to appoint a citizens' committee representative of all Chicago, empowered to mobilize all existing agencies and facilities to coordinate and develop plans, to conduct campaigns for public support, to raise funds from private sources as needed, that the Navy-Air Force game may be carried through in a manner to match and even surpass the brilliance of the Army-Air Force game of 1965.

Court Decisions.

Also communications from the Law Department addressed to the City Council, signed by Edmund Hatfield and RocLyne E. La Porte, Assistants Corporation Counsel and Marvin E. Aspen, Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

City of Chicago, Plaintiff-Appellee, vs. John Hill et al., Defendants-Appellant, Illinois Supreme Court, No. 39701. The Illinois Supreme Court on June 21, 1968 filed an opinion in the above cause which was occasioned by a civil rights demonstration in Grant Park in the summer of 1965. When police had directed the demonstrators to cross the Balbo bridge over the I. C. RR. tracks from two lanes to one, the demonstrators refused and showed their disapproval of the police order by sitting down in the intersection of S. Columbus and E. Balbo Drives causing a traffic tie-up. Four of the demonstrators were convicted in the First Municipal District of the Circuit Court of Cook County for violating two ordinances of the City of Chicago, namely obstructing traffic and violating the disorderly conduct ordinance then in effect. Each defendant was fined $100.00 for obstructing traffic and $25.00 for disorderly conduct. The Illinois Supreme Court affirmed the conviction on the obstruction of traffic. The disorderly conviction was reversed solely on the technical ground that "two punishments cannot be imposed for a single act", the Court found that the defendants' guilty conduct was the same as to each charge; deeming the disorderly conduct conviction the more "general" and lesser, the Court vacated it.

Berg v. City, Illinois Appellate Court No. 50804. The Illinois Appellate Court on June 19, 1968 rendered an opinion affirming the judgment of the Circuit Court of Cook County dismissing two consolidated complaints for declaratory judgment. The first complaint asked for a declaratory judgment that Chicago's traffic ordinances were invalid because they were in conflict with the limitations on its authority in this field, as set forth in the pertinent statute; this complaint sought only prospective reliefs, namely sequestration and refund of fines thereafter paid for violation of these ordinances during pendency of the litigation. The second complaint concerned traffic fines paid prior to January 1, 1964, on traffic ticket complaints which were issued in the name of the people of the State of Illinois rather than in the name of the City of Chicago, in violation of both Constitution (Article VI, Sec. 33) and the Municipal Code of 1961 (Ch. 24 § 1-2-7). It was alleged that all judgments based thereon were void and plaintiffs sought refunds of all such fines paid during the prior five year period. In each complaint plaintiffs sued on behalf of themselves individually and as representatives of a class consisting of all persons licensed by the State of Illinois to operate motor vehicles, being residents of Chicago in the first suit and of Cook County in the second. The Illinois Appellate Court decided that the plaintiffs did not have status to bring the above described class action.

Keane v. City of Chicago, Illinois Appellate Court No. 52343. The Illinois Appellate Court affirmed a judgment of the Circuit Court of Cook County dismissing Count I of plaintiff's complaint which had sought to recover damages from the City of Chicago for the wrongful death of plaintiff's decedent. The plaintiff's decedent was a Chicago public school teacher who was killed on the school premises by one Lee Arthur Hester, a student enrolled at the school. Count I of the complaint alleged that the City of Chicago owed a duty to the deceased to furnish police protection and that the doctrine of governmental immunity does not absolve the City from liability. The Circuit Court of Cook County struck Count I of the complaint and dismissed the action as to the City of Chicago finding that the operation of the police department was a governmental function and therefore, the City of Chicago was immune from liability from the acts alleged. The Illinois Appellate Court affirmed the judgment of the Circuit Court of Cook County holding that the failure on the part of a municipality to exercise a governmental function does not, without the assumption of a special duty, subject the municipality to liability. The Illinois Appellate Court also stated that: "In the instant case the duty of the City to protect Mrs. Keane from criminal acts was no more than the general duty to all citizens to protect the safety and well-being of the public at large. Failure of a policeman to prevent others from violating the law, to the injury of some third party, does not of itself, subject the municipality to liability for the injuries".

GENERAL PROVISIONS AND INSTRUCTIONS

U.S. Government Lease for Real Property

1. SUBLETTING THE PREMISES.

The Government may sublet any part of the premises but shall not be relieved from any obligations under this lease by reason of any such subletting.

2. MAINTENANCE OF PREMISES.

The Lessor shall maintain the demised premises, including the building and any and all equipment, fixtures, and appurtenances, furnished by the Lessor under this lease in good repair and tenantable condition, except in case of damage arising from the act or the negligence of the Government's agents or employees. For the purpose of so maintaining said premises and property, the Lessor may at reasonable times, and with the approval of the authorized Government representative in charge, enter and inspect the same and make any necessary repairs thereto.

3. DAMAGE BY FIRE OR OTHER CASUALTY.

If the said premises be destroyed by fire or other casualty this lease shall immediately terminate. In case of partial destruction or damage, so as to render the premises untenantable, as determined by the Government, the Government may terminate the lease by giving written notice to the Lessor within fifteen (15) days thereafter; if so terminated no rent shall accrue to the Lessor after such partial destruction or damage; and if not so terminated the rent shall be reduced proportionately by supplemental agreement hereto effective from the date of such partial destruction or damage.

4. ALTERATIONS.

The Government shall have the right during the existence of this lease to make alterations, attach fixtures and erect additions, structures or signs in or upon the premises hereby leased, which fixtures, additions or structures so placed in, upon or attached to the said premises shall be and remain the property of the Government and may be removed or otherwise disposed of by the Government.

5. CONDITION REPORT.

A joint physical survey and inspection report of the demised premises shall be made as of the effective date of this lease, reflecting the then present condition, and will be signed on behalf of the parties hereto.

6. COVENANT AGAINST CONTINGENT FEES.

The Lessor warrants that no person or selling agency has been employed or retained to solicit or secure this lease upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Lessor for the purpose of securing business. For breach or violation of this warranty the Government shall have the right to annul this lease without liability or in its discretion to deduct from the rental price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee. (Licensed real estate agents or brokers having listings on property for rent, in accordance with general business practice, and who have not obtained such licenses for the sole purpose of effecting this lease, may be considered as bona fide employees or agencies within the exception contained in this clause.)

7. OFFICIALS NOT TO BENEFIT.

No Member of or Delegate to Congress, or Resident Commissioner shall be admitted to any share or part of this lease contract, or to any benefit that may arise therefrom; but this provision shall not be construed to extend to this lease contract if made with a corporation for its general benefit.

8. ASSIGNMENT OF CLAIMS.

Pursuant to the provisions of the Assignment of Claims Act of 1940, as amended (31 U.S.C. 203, 41 U.S.C. 15), if this lease provides for payments aggregating $1,000 or more, claims for monies due or to become due the Lessor from the Government under this contract may be assigned to a bank, trust company, or other financing institution, including any Federal lending agency, and may thereafter be further assigned or reassigned to any such institution. Any such assignment or reassignment shall cover all amounts payable under this contract and not already paid, and shall not be made to more than one party, except that any such assignment or reassignment may be made to one party as agent or trustee for two or more parties participating in such financing. Notwithstanding any provisions of this contract, payments to an assignee of any monies due or to become due under this contract shall not, to the extent provided in said Act, as amended, be subject to reduction or set-off.

9. EQUAL OPPORTUNITY CLAUSE.

(The following clause is applicable unless this contract is exempt under the rules and regulations of the President's Committee on Equal Employment Opportunity (41 CFR, Chapter 60).)

During the performance of this contract (Lease), the Contractor (Lessor) agrees as follows:

(a) The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Contracting Officer setting forth the provisions of this nondiscrimination clause.

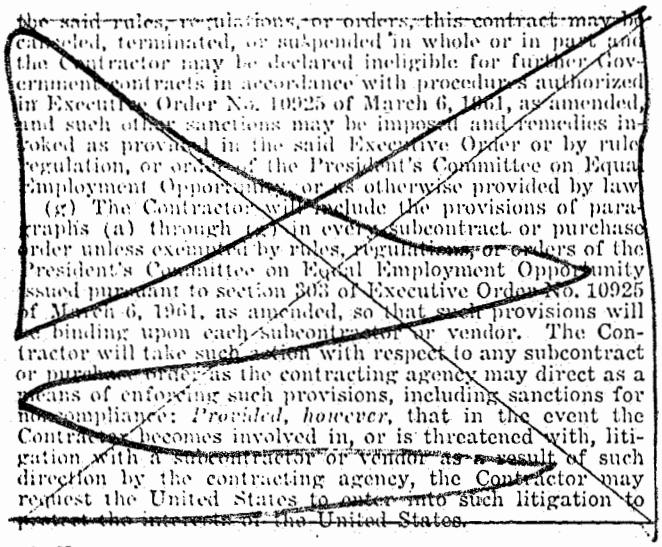
(b) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin.

(c) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency Contracting Officer, advising the said labor union or workers' representative of the Contractor's commitments under this nondiscrimination clause, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(d) The Contractor will comply with all provisions of Executive Order No. 10925 of March 6, 1961, as amended, and of the rules, regulations, and relevant orders of the President's Committee on Equal Employment Opportunity created thereby.

(e) The Contractor will furnish all information and reports required by Executive Order No. 10925 of March 6, 1961, as amended, and by the rules, regulations, and orders of the said Committee, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Committee for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(f) In the event of the Contractor's noncompliance with the nondiscrimination clause of this contract or with any of



the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 10925 of March 6, 1961, as amended, and such other sanctions may be imposed and remedies invoked as provided in the said Executive Order or by rule, regulation, or order of the President's Committee on Equal Employment Opportunity, or as otherwise provided by law.

(g) The Contractor will include the provisions of paragraphs (a) through (g) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the President's Committee on Equal Employment Opportunity issued pursuant to section 303 of Executive Order No. 10925 of March 6, 1961, as amended, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: *Provided, however,* that in the event the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

10. FACILITIES NONDISCRIMINATION.

(a) As used in this section, the term "facility" means stores, shops, restaurants, cafeterias, restrooms, and any other facility of a public nature in the building in which the space covered by this lease is located.

(b) The Lessor agrees that he will not discriminate by segregation or otherwise against any person or persons because of race, creed, color, or national origin in furnishing, or by refusing to furnish, to such person or persons the use of any facility, including any and all services, privileges, accommodations, and activities provided thereby. Nothing herein shall require the furnishing to the general public of the use of any facility customarily furnished by the Lessor solely to tenants, their employees, customers, patients, clients, guests and invitees.

(c) It is agreed that the Lessor's noncompliance with the provisions of this section shall constitute a material breach of this lease. In the event of such noncompliance, the Government may take appropriate action to enforce compliance, may terminate this lease, or may pursue such other remedies as may be provided by law. In the event of termination, the Lessor shall be liable for all excess costs of the Government in acquiring substitute space, including but not limited to the cost of moving to such space. Substitute space shall be obtained in as close proximity to the Lessor's building as is feasible and moving costs will be limited to the actual expenses thereof as incurred.

(d) It is further agreed that from and after the date hereof the Lessor will, at such time as any agreement is to be entered into or a concession is to be permitted to operate, include or require the inclusion of the foregoing provisions of this section in every such agreement or concession pursuant to which any person other than the Lessor operates or has the right to operate any facility. Nothing herein contained, however, shall be deemed to require the Lessor to include or require the inclusion of the foregoing provisions of this section in any existing agreement or concession arrangement or one in which the contracting party other than the Lessor has the unilateral right to renew or extend the agreement or arrangement, until the expiration of the existing agreement or arrangement and the unilateral right to renew or extend. The Lessor also agrees that it will take any and all lawful actions as expeditiously as possible, with respect to any such agreement as the contracting agency may direct, as a means of enforcing the intent of this section, including, but not limited to, termination of the agreement or concession and institution of court action.

11. EXAMINATION OF RECORDS.

(NOTE.—This provision is applicable if this lease was negotiated without advertising.)

(a) The Lessor agrees that the Comptroller General of the United States or any of his duly authorized representatives shall, until the expiration of 3 years after final payment under this lease, have access to and the right to examine any directly pertinent books, documents, papers, and records of the Lessor involving transactions related to this lease.

(b) The Lessor further agrees to include in all his subcontracts hereunder a provision to the effect that the subcontractor agrees that the Comptroller General of the United States or his representatives shall, until the expiration of 3 years after final payment under this lease with the Government, have access to and the right to examine any directly pertinent books, documents, papers, and records of such subcontractor involving transactions related to the subcontract.

12. APPLICABLE CODES AND ORDINANCES.

The Lessor, as part of the rental consideration, agrees to comply with all codes and ordinances applicable to the ownership and operation of the building in which the leased space is situated and, at his own expense, to obtain all necessary permits and related items.

13. INSPECTION.

At all times after receipt of Bids, prior to or after acceptance of any Bid or during any construction, remodeling or renovation work, the premises and the building or any parts thereof, upon reasonable and proper notice, shall be accessible for inspection by the Contracting Officer, or by architects, engineers, or other technicians representing him, to determine whether the essential requirements of the solicitation or the lease requirements are met.

14. ECONOMY ACT LIMITATION.

If the rental specified in this lease exceeds $2,000 per annum, the limitation of Section 322 of the Economy Act of 1932, as amended (40 U.S.C. 278a), shall apply.

15. FAILURE IN PERFORMANCE.

In the event of failure by the Lessor to provide any service, utility, maintenance or repairs required under this lease, the Government shall have the right to secure said services, utilities, maintenance or repairs and to deduct the cost thereof from rental payments.

16. LESSOR'S SUCCESSORS.

The terms and provisions of this lease and the conditions herein shall bind the Lessor, and the Lessor's heirs, executors, administrators, successors, and assigns.

17. INSTRUCTIONS.

(a) Whenever the lease is executed by an attorney, agent, or trustee on behalf of the Lessor, two authenticated copies of his power of attorney, or other evidence to act on behalf of the Lessor, shall accompany the lease.

(b) When the Lessor is a partnership, the names of the partners composing the firm shall be stated in the body of the lease. The lease shall be signed with the partnership name, followed by the name of the partner signing the same.

(c) Where the Lessor is a corporation, the lease shall be signed with the corporate name, followed by the signature and title of the officer or other person signing the lease on its behalf, duly attested, and, if requested by the Government evidence of this authority so to act shall be furnished.

(c) When satisfied that it is lawful and proper for the requested funds to be provided, the Department will prepare, execute and deliver to the appropriate State department, agency or official all necessary vouchers or documents required to induce the action thereof in providing such funds. The Department may, if it so desires, supply the Municipality with the forms of vouchers or documents, aforesaid, and require the Municipality to fill in and prepare said forms for the Department's execution.

10. The Municipality agrees to comply at all times with the conditions prescribed in said Section 34 with respect to which the Municipality is required to satisfy the Department under the terms thereof.

11. The Municipality shall file with the Department such reports concerning the matters covered by this agreement, including the use, operation and maintenance of the Airport, as the Department may require from time to time.

The acceptance of rent by City, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Nine-Ten, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts except an express waiver in writing, shall not be construed as a waiver of City's right to act or of any other right hereby given City, or as an election not to proceed under the provisions of this Lease.

The obligation of Nine-Ten to pay the rent reserved hereby during the balance of the term hereof shall not be deemed to be waived, released or terminated by the service of any five (5) day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Nine-Ten's right to possession of the demised premises. City may collect and receive any rent due from Nine-Ten, and payment or receipt thereof shall not waive or affect any such notice, demand or suit, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which City may have by virtue hereof.

Article XIII

Upon termination of this Lease by lapse of time or otherwise as herein provided, Nine-Ten agrees to surrender the demised premises and the building and improvements situated thereon in good condition and repair without the receipt of any demand for rent, notice to quit or demand for possession whatsoever.

Nine-Ten shall be entitled during the term of this Lease and for fifteen (15) calendar days after termination thereof, to remove from the premises any and all trade fixtures, tools, machinery, equipment, materials and supplies placed thereon by it pursuant to this Lease, subject, however, to any valid lien City may have thereon for unpaid rentals or other amounts payable by Nine-Ten to City, and provided that Nine-Ten shall have repaired all damage resulting from said removal.

Nine-Ten shall be deemed to have abandoned to City any of said equipment or property of Nine-Ten which it has failed to remove from said premises within the aforesaid fifteen (15) calendar days after the end of the period of this Lease or effective date of termination thereof, unless City shall grant in writing a further period for this purpose.

3. Lessor's Title: The Lessor's title is and always shall be paramount to the title of the Lessee, and nothing herein contained shall empower the Lessee to do any act which can, shall or may encumber the title of the Lessor.

4. 5. Default Under Other Leases: If the term of any lease, other than this lease, made by the Lessee for any premises in the Building shall be terminated or terminable after the making of this lease because of any default by the Lessee under such other lease, such fact shall empower the Lessor, at the Lessor's sole option, to terminate this lease by notice to the Lessee.

6. Waiver of Claims: To the extent permitted by law, the Lessee releases the Lessor and the Lessor's agents and servants from and waives all claims for damage to person or property sustained by the Lessee or any occupant of the Building or premises resulting from the Building or premises or any part of either or any equipment or appurtenance becoming out of repair, or resulting from any accident or occurrence in or about the Building, or resulting directly or indirectly from any act or neglect of any tenant or occupant of the Building or of any other person, including the Lessor's agents and servants. This Section 6 shall apply especially, but not exclusively, to the flooding of basements or other portions of the Building, and to damage caused by refrigerators, sprinkling devices, air conditioning apparatus, water, snow, frost, steam, excessive heat or cold, falling plaster, broken glass, sewerage, gas, odors or noise, or the bursting or leaking of pipes or plumbing fixtures, and shall apply regardless whether any such damage results from the act or neglect of the Lessor or of other tenants, occupants or servants in the Building or of any other person, and whether such damage be caused or result from any thing or occurrence above mentioned or referred to, or any other thing or circumstance whether of a like nature or of a wholly different nature. If any such damage, whether to the demised premises or the Building or any part thereof, or whether to the Lessor or to other tenants in the Building, result from any act or neglect of the Lessee, the Lessor may, at the Lessor's option, repair such damage and the Lessee shall, upon demand by the Lessor, reimburse the Lessor for all costs of such repairs. Nothing herein contained shall be construed to relieve any tenant from liability for damage to the premises or the Building or any part thereof or to the fixtures, appurtenances or equipment thereof.

7. Holding Over: If the Lessee retains possession of the premises or any part thereof after the termination of the term by lapse of time or otherwise, the Lessee shall pay the Lessor rent at double the rate of rental specified in Section 1 for the time the Lessee thus remains in possession and in addition thereto, shall pay the Lessor all damages sustained by the Lessor on account of the Lessee's retention of possession. If the Lessee remains in possession of the premises, or any part thereof, after the termination of the term by lapse of time or otherwise, such holding over shall, at the election of the Lessor expressed in a written notice to the Lessee and not otherwise, constitute a renewal of this lease for one year and under the terms of this Section do not waive the Lessor's rights of re-entry or any other right hereunder.

8. Assignment and Subletting: The Lessee shall not (a) assign or convey this lease or any interest under it; (b) allow any transfer hereof or any lien upon the Lessee's interest by operation of law; (c) sublet the premises or any part thereof, or (d) permit the use or occupancy of the premises or any part thereof by any one other than the Lessee.

9. Condition of Premises: The Lessee's taking possession shall be conclusive evidence as against the Lessee that the premises were in good order and satisfactory condition when the Lessee took possession. No promise of the Lessor to alter, remodel or improve the premises or the Building and no representation respecting the condition of the premises or the Building have been made by the Lessor to the Lessee, unless the same is contained in this lease or in writing signed by the Lessor. This lease does not grant any rights to light or air over property, except over public streets kept open by public authority. At the termination of this lease by lapse of time or otherwise, the Lessee shall return the premises in as good condition as when the Lessee took possession, ordinary wear and loss by fire excepted, failing which the Lessor may restore the premises to such condition and the Lessee shall pay the cost thereof. The Lessee may remove floor coverings laid by the Lessee, provided (a) the Lessee also removes all nails, tacks, paste, glue, bases and other vestiges of the floor covering, and restores the floor surface to the condition existing before such floor covering was laid, or (b) the Lessee pays to the Lessor, upon request, the cost of removing the floor coverings and restoring the floor surface. Before taking down the Lessee's floor coverings, from the premises prior to the end of the term, the Lessee shall be conclusively presumed to have abandoned the same and title thereto shall thereupon pass to the Lessor without payment or credit by the Lessor to the Lessee.

10. Alterations: The Lessee shall not make any alterations in or additions to the premises without the Lessor's advance written consent in each and every instance. The Lessor's decision to refuse such consent shall be conclusive. If the Lessor consents to such alterations or additions, before commencement of the work or delivery of any materials into the premises or into the Building, the Lessee shall furnish the Lessor with plans and specifications, names and addresses of contractors, copies of contracts, necessary permits and indemnification by the Lessee, and security for the payment of liens and waivers of lien against any and all claims, costs, damages, liabilities and expenses which may arise in connection with the alterations or additions. All additions and alterations shall be installed in a good, workmanlike manner and only new, high-grade materials shall be used. Whether the Lessee furnishes the Lessor the foregoing or not, the Lessee hereby agrees to hold the Lessor harmless from any and all liabilities of every kind and description which may arise out of or be connected in any way with said alterations or additions. Before commencing any work in connection with alterations or additions, the Lessee shall furnish the Lessor certificates in advance from all contractors performing labor or furnishing materials insuring the Lessor against any and all liabilities which may arise out of or be connected in any way with said additions or alterations. The Lessee shall pay the cost of all such work and of decorating the premises occasioned by such alterations and additions. Upon completing any alterations or additions, the Lessee shall furnish the Lessor with contractors' affidavits and full and final waivers of lien and receipted bills covering all labor and materials expended and used. All alterations and additions shall comply with all insurance requirements and with all ordinances and regulations of the City of Chicago or any department or agency thereof and with the requirements of all statutes and regulations of the State of Illinois or of any department or agency thereof. The Lessee shall permit the Lessor to supervise construction operations in connection with alterations or additions if the Lessor requests to do so. All additions, hardware, power or the premises, all improvements, ~~power or conveniences~~, in or upon the premises, whether placed there by the Lessee or by the Lessor, shall, unless the Lessor requests their removal, become the Lessor's property and shall remain upon the premises at the termination of this lease by lapse of time or otherwise without compensation or allowance or credit to the Lessee. If, upon the Lessor's request, the Lessee does not remove said additions, hardware, non-trade fixtures and improvements, the Lessor may remove the same and the Lessee shall pay the cost of such removal to the Lessor upon demand. The Lessee shall remove the Lessee's furniture, machinery, safe or safes, trade fixtures and other items of personal property of every kind and description from the premises prior to the end of the term, however ended. If not so removed, the Lessor may request their removal, and if the Lessee does not remove them, the Lessor may do so and the Lessee shall pay the cost of such removal to the Lessor upon demand. If the Lessee does not remove such personal property, all such items shall be conclusively presumed to have been conveyed by the Lessee to the Lessor under this lease as a bill of sale without further payment or credit by the Lessor to the Lessee.

11. Use of Premises: (a) The Lessee shall occupy and use the premises during the term for the purpose above specified and none other. (k) The Lessee shall not undertake to regulate any thermostats, and shall not waste water by tying, wedging or otherwise fastening open any faucet. (l) No additional locks or bolts of any kind shall be placed upon any door or window by the Lessee nor shall any door other than those provided by the Lessor shall be made. If more than two keys for one lock are desired by the Lessee, the Lessor may provide the same upon payment by the Lessee. Upon termination of this lease the Lessee shall pay or cause to be paid to the Lessor all keys so furnished to the Lessee and shall surrender all keys of the premises and shall make known to the Lessor the explanation of all combination locks on safes, cabinets and vaults. (m) The Lessee shall be responsible for the locking of doors and the closing of transoms and windows in and to the premises. (n) If the Lessee desires signal connection with the fire alarm or signal service, the Lessor will, upon request, direct where and how connections and all wiring for such service shall be introduced and run. Without such direction, no boring, cutting or installation of wires or cables is permitted. (o) If the Lessee desires and the Lessor permits blinds, shades, awnings, or other form of inside or outside window covering, or window ventilators or similar devices, they shall be furnished, installed and maintained at the expense of the Lessee and must be of such shape, color, material and make as approved by the Lessor. (p) All persons entering or leaving the Building between the hours of 6 p. m. and 8 a. m. The Lessor may direct the routing and location of safes and other heavy articles. Safes, furniture and all large articles shall be brought through the Building and into the premises at such times and in such manner as the Lessor shall direct and at the Lessee's sole risk and responsibility. The Lessee shall list all furniture, equipment and similar articles to be removed from the Building, and the list must be approved at the Office of the Building or by a designated person before Building employes will permit any article to be removed. (r) Unless the Lessor gives advance written consent in each and every instance, the Lessee shall not install or operate any steam or internal combustion engine, boiler, machinery, refrigerating or heating device or air conditioning apparatus in or about the premises, or carry on any mechanical business therein, or use the premises for housing accommodations or lodging or sleeping purposes, or do any cooking therein, or use any illumination other than electric light, or use or permit to be brought into the Building any inflammable oils or fluids such as gasoline, kerosene, naphtha and benzine, or any explosives or other articles deemed extra hazardous to life, limb or property. (s) The Lessee shall not place or allow anything to be against or near the glass of partitions or doors of the premises which may diminish the light in, or be unsightly from, halls or corridors. (t) The Lessee shall not install in the premises any equipment which uses a substantial amount of electricity without the advance written consent of the Lessor. The Lessee shall ascertain from the Lessor the maximum amount of electrical current which can safely be used in the demised premises, taking into account the capacity of the electric wiring in the Building and the premises and the needs of other tenants in the building and shall not use more than such safe capacity. The Lessor's consent to the installation of electric equipment shall not relieve the Lessee from the obligation not to use more electricity than such safe capacity. (u) The Lessee shall not lay linoleum or other similar floor covering so that such floor covering shall come in direct contact with the floor of the premises, and if linoleum or other similar floor covering is used, an interlayer of builder's deadening felt shall first be affixed to the floor by paste or other material soluble in water. The use of cement or other similar material is prohibited. (v) In addition to all other liabilities for breach of any agreement of this Section 11, the Lessee shall pay to the Lessor all damages caused by such breach and shall also pay to the Lessor an amount equal to any increases in insurance premium or premiums caused by such breach. The violation of any covenant of this Section 11 may be restrained by injunction.

12. Repairs: Subject to the provisions of Section 13, the Lessee shall, at the Lessee's own expense, keep the premises in good order, condition and repair during the term, including the replacement of all broken glass with glass of the same kind and quality, with signs thereon, under the supervision and with the approval of the Lessor. If the Lessee does not make repairs promptly and adequately, the Lessor may, but need not, make repairs, and the Lessee shall pay promptly the cost thereof. At any time or times, the Lessor, either voluntarily or pursuant to governmental requirement, may, at the Lessor's own expense, make repairs, alterations or improvements in or to the Building or any part thereof, including the premises, and, during operations, may close entrances, doors, corridors, elevators or other facilities, all without any liability to the Lessee by reason of inconvenience, annoyance or loss of business. The Lessee shall not be liable to the Lessor for any expense, injury, loss or damage resulting from work done in or upon, or the use of, any adjacent or nearby building, land, street or alley. The Lessee shall pay the Lessor for overtime and for any other expense incurred in event repairs, alterations, decorating or other work in the premises are not made during ordinary business hours at the Lessee's request.

13. Untenantability: If the premises or the Building are made untenantable by fire or other casualty, the Lessor may elect (a) to terminate this lease as of the date of the fire or casualty by notice to the Lessee within thirty days after that date, or (b) to repair, restore or rehabilitate the Building or the premises at the Lessor's expense within one hundred twenty days after the Lessor's estimate is made as to the amount of the time required to repair and rehabilitate the premises and rebuild the premises, in which latter event the lease shall not terminate but rent shall be abated on a per diem basis while the premises are untenantable. If the Lessor elects so to repair, restore or rehabilitate the Building or the premises and does not substantially complete the work within the one hundred twenty day period, either party can terminate the lease as of the date of the fire or casualty by notice to the other party not later than one hundred thirty days after the Lessor is enabled to take possession of the injured premises and undertake reconstruction or repairs. In the event of termination of the lease pursuant to this Section 13, rent shall be apportioned on a per diem basis and be paid to the date of the fire or casualty.

14. Eminent Domain: If the Building, or any portion thereof which includes a substantial part of the premises, or which prevents the operation of the Building, shall be taken or condemned by any competent authority for any public use or purpose, the term of this lease shall end upon, and not before, the date when the possession of the part so taken shall be required for such use or purpose and without apportionment of the condemnation award. The Lessor shall have the right to share in such award. Current rent shall be apportioned as of the date of such termination. If any condemnation proceeding shall be instituted in which it is sought to take or damage any part of the Building, or the use thereof, or if the grade of any street or alley adjacent to the Building is changed by any competent authority and such change of grade makes it necessary or desirable to remodel the Building to conform to the changed grade, the Lessor shall have the right to cancel the lease upon not less than ninety days' notice prior to the date of cancellation designated in the notice. No money or other consideration shall be payable by the Lessor to the Lessee for the right of cancellation, and the Lessee shall have no right to or claim to any part of any award or to any judgment for damages caused by the change of grade.

15. Lessor's Remedies: All rights and remedies of the Lessor herein enumerated shall be cumulative, and none shall exclude any other right or remedy allowed by law.

(a) If any voluntary or involuntary petition or similar pleading under any section or sections of any bankruptcy act shall be filed by or against the Lessee, or any voluntary or involuntary proceeding in any court or tribunal shall be instituted to declare the Lessee insolvent or unable to pay the Lessee's debts, and in the case of an involuntary petition or proceeding, the petition or proceeding is not dismissed within thirty days from the date it is filed the Lessor may elect, but is not required, and with or without notice of such election, and with or without entry or other action by the Lessor, to forthwith terminate this lease, and, notwithstanding any other provision of this lease, the Lessor shall forthwith upon such termination be entitled to recover damages in an amount equal to the then present value of the rent specified in Section 1 of this lease for the residue of the stated term hereof, less the fair rental value of the premises for the residue of the stated term.

(b) If the Lessee defaults in the payment of rent, and the Lessor does not cure the default within ten days after demand for payment of such rent, or if the Lessee defaults in the prompt and full performance of any other provision of this lease, and the Lessor does not cure the default within twenty days (forthwith if the default involves a hazardous condition) after written demand by the Lessor that the default be cured unless the default involves a hazardous condition, which shall be cured forthwith upon the Lessor's demand, or if the leasehold interest of the Lessee be levied upon under execution or be subjected to sequestration by process of law, or if the Lessee makes an assignment for the benefit of creditors, or if a receiver is appointed for any property of the Lessee, or if the Lessee abandons the premises, then and in any such event the Lessor may, if the Lessor so elects but not otherwise, and without notice or demand of any kind to the Lessee or any other person, forthwith terminate this lease and the Lessee's right to possession of the premises or, without terminating the lease, forthwith terminate the Lessee's right to possession only.

(c) Upon any termination of this lease, whether by lapse of time or otherwise, or upon any termination of the Lessee's right to possession without termination of the lease, the Lessee shall surrender possession and vacate the premises immediately, and deliver possession thereof to the Lessor, and hereby grants to the Lessor full and free license to enter into and upon the premises in such event with or without process of law and to repossess the Lessor of the premises as of the Lessor's former estate and to expel or remove the Lessee and any others who may be occupying or within the premises and to remove any and all property therefrom, using such force as may be necessary, without being deemed in any manner guilty of trespass, eviction or forcible entry or detainer, and without relinquishing the Lessor's right to rent or any other right given to the Lessor hereunder or by operation of law.

(d) If the Lessee abandons the premises or otherwise entitles the Lessor so to elect, and the Lessor elects to terminate the Lessee's right to possession only, without terminating the lease, the Lessor may, at the Lessor's option enter into the premises, remove the Lessee's signs and other evidences of tenancy, and take and hold possession thereof as in Paragraph (c) of this Section 15 provided, without such entry and possession terminating the lease or releasing the Lessee in whole or in part, from the Lessee's obligation to pay the rent hereunder for the full term, and in any such case the Lessee shall pay forthwith to the Lessor, if the Lessor so elects, a sum equal to the entire amount of the rent specified in Section 1 of this lease for the residue of the stated term plus any other sums then due hereunder. Upon and after entry into possession without termination of the lease, the Lessor may, but need not, relet the premises or any part thereof for such rent, term and upon such terms as the Lessor in the Lessor's sole discretion shall determine, and the Lessor shall not be required to accept any tenant offered by the Lessee or to observe any instructions given by the Lessee about such reletting. In any such case, the Lessor may make repairs, alterations and additions in or to the premises, and reasonable expenses incurred by the Lessor shall be due and payable by the Lessee to the Lessor. If the Lessor relets, and if the rent received from such reletting during any month be less than that to be paid during that month by the Lessee, the Lessee shall pay any such deficiency to the Lessor. Such deficiency shall be calculated and paid monthly. The Lessee shall also pay to the Lessor any deficiency arising from any reletting at less than the full amount of the rent reserved herein, together with the costs and expenses of the Lessor, the Lessor, at the end of the stated term of the lease, shall account for the surplus to the Lessee.

(e) The Lessee hereby waives on behalf of the Lessee any and all rights of redemption granted by or under any present or future laws if the Lessee shall be dispossessed or ejected from the premises by the process of law or otherwise.

(f) Any and all property which may be removed from the premises by the Lessor pursuant to the authority of the lease or of law, to which the Lessee is or may be entitled, may be handled, removed or stored by the Lessor at the risk, cost and expense of the Lessee, and the Lessor shall in no event be responsible for the value, preservation or safekeeping thereof. The Lessee shall pay to the Lessor, upon demand, any and all expenses incurred in such removal and all storage charges against such property so long as the same shall be in the Lessor's possession or under the Lessor's control. Any property of the Lessee not removed from the premises or retaken from storage by the Lessee within thirty days after the end of the term, however terminated, shall be presumed to have been conveyed by the Lessee to the Lessor under this lease or a bill of sale without further payment or credit by the Lessor to the Lessee.

(g) The Lessee shall pay upon demand all the Lessor's costs, charges and expenses, including the fees of counsel, agents and others retained by the Lessor, incurred in enforcing the Lessee's obligations hereunder or pursued by the Lessor in any litigation, negotiation or transaction in which the Lessee causes the Lessor, without the Lessor's fault, to become involved or concerned.

16. Subordination of Lease: The rights of the Lessee under the lease shall be and are subject and subordinate at all times to the lien of any mortgage or mortgages now or hereafter to be placed against the Building or the underlying leasehold estate, if any, and to all advances made or hereafter to be made upon the security thereof, and the Lessee shall execute such further instruments subordinating the lease to the lien or lien of any such mortgage or mortgages as shall be requested by the Lessor.

17. Notices: In every instance where it shall be necessary or desirable for the Lessor to serve any notice or demand upon the Lessee, it shall be sufficient (a) to deliver a written or printed copy thereof to the Lessee, or (b) to send a written or printed copy thereof by United States certified or registered mail, postage prepaid, addressed to the Lessee at the premises, whether or not the Lessee then or thereafter shall be absent from the premises at the time the copy is posted, or (c) to leave a written or printed copy thereof with some person above the age of ten years in possession of the demised premises or to affix the same to any door leading into the premises, in which event the notice or demand shall be deemed to have been served as the time the copy is so left or affixed. All notices or demands shall be signed by or on behalf of the Lessor.

18. Miscellaneous: (a) No receipt of money by the Lessor from the Lessee after the termination of this lease or after the service of any notice or after the commencement of any suit, or after final judgment for possession of the premises shall reinstate, continue or extend the term of this lease or affect any such notice, demand or suit.

(b) No waiver of any default of the Lessee hereunder shall be implied from any omission by the Lessor to take any action on account of such default if such default persists or is repeated, and no express waiver shall affect any default other than the default specified in the express waiver and that only for the time and to the extent therein stated. The invalidity or unenforceability of any provision of this lease shall not affect or impair any other provisions.

(c) In the absence of fraud, no person, firm or corporation, or the heirs, legal representatives, successors and assigns, respectively, thereof, executing this lease as agent, trustee or in any other representative capacity shall ever be personally liable hereunder for any reason or cause whatsoever.

(d) The words "Lessor" and "Lessee" wherever used in this lease shall be construed to mean Lessors or Lessees in all cases where there is more than one lessor or lessee, and the necessary grammatical changes required to make the provisions hereof apply either to corporations or associations, or individuals, men or women, shall in all cases be assumed as though in each case fully expressed.

(e) The Lessor shall have the right to terminate this lease on the thirtieth day of April in any year if the Lessor proposes or is required, for any reason, to remodel, remove or demolish the Building or any substantial portion of it, or if the Lessor decides to sell the Building as a whole or to sell the Building and the land on which it stands, or if the Lessor's stock of shares is owned by two-thirds percent or more of the Lessee's capital stock (if the Lessee is a corporation), or if the Lessor decides to convey to the Lessee or to any one or more of the Lessee's ground lease, or to lease to one tenant for a term of one years or more either the Building or all the Building except the ground floor. Such termination shall become effective and conclusive by notice of the Lessor to the Lessee not less than ninety days prior to the termination date of any of the events listed in this notice. No money or other consideration shall be payable by the Lessor to the Lessee for the right and the right hereby reserved to the Lessor shall be in addition to all powers, privileges, immunities, transferees and grantees, as the case may be and is in addition to all other rights of the Lessor.

(f) Provisions inserted hereon or affixed hereto shall not be valid unless appearing in the duplicate original hereof held by the Lessor. In event of variation or discrepancy, the Lessor's duplicate shall control.

(g) Each provision hereof shall extend to and shall, as the case may require, bind and inure to the benefit of the Lessor and the Lessee and their respective heirs, legal representatives, successors and assigns, and each has been assigned with the express, written consent of the Lessor.

(h) The headings of sections are for convenience only and do not limit or construe the contents of the sections.

(i) Submission of this instrument for examination does not constitute a reservation of or option for the premises. The instrument becomes effective as a lease upon execution and delivery by both Lessor and Lessee.

(j) All amounts (other than rent) owed by the Lessee to the Lessor hereunder shall be paid within ten days from the date the Lessor renders statements of account therefor and shall bear interest at the rate of 7% per annum thereafter until paid.

(k) Provisions typed on the back of this lease and signed by the Lessor and the Lessee and all riders attached to this lease and signed by the Lessor and the Lessee are hereby made a part of this lease as though inserted at length in this lease.

(l) If the Lessee shall occupy the premises prior to the beginning of the term of the lease with the Lessor's consent, all the provisions of this lease shall be in full force and effect as soon as the Lessee occupies the premises. Rent for any period prior to the beginning of the term of this lease shall be fixed by agreement between the Lessor and the Lessee.

So long as Lessor furnishes electric current, Lessee shall obtain all current used in or about the premises from Lessor and shall pay Lessor therefor at prevailing public utility rates and charges for similar service as measured by meter; provided, however, that direct current shall be charged at such rate, and the electrical energy so metered on such reasonable basis; and provided further, that Lessor shall not be obligated to furnish light bulb service. Lessee shall give Lessor written notice of any error of any type whatever in any statement of account for electric energy within sixty days from the date of such such statements. Lessee's liens of any such mortgage or mortgages or to any such underlying lease or leases as shall be requested by Lessor. Lessee's demise, if any, of miscellaneous space, or of any space outside the lines of the lot or lots whereon the building stands, conveys only Lessee's rights thereto. If, at any time the term, any municipality or public authority shall (a) take possession of all or any part of such space, this lease shall continue without abatement or diminution of rent; (b) require compensation for such space, Lessee will pay to Lessor such compensation in equal installments during remainder of the term hereof. This Lease does not grant any rights to light or air over property except over public streets, alleys or ways kept open by public authority.

(b) To install and maintain signs on the exterior of the building. (c) To exhibit the premises to prospective tenants, purchasers or others. (d) To display during the last ninety days of the term without hindrance or molestation by Lessee "For Rent" and similar signs on windows or elsewhere in or on the premises. (e) During the last ninety days of the term or any part thereof, if during or prior to that time Lessee vacates the premises, or at any time after Lessee abandons the premises, to enter and decorate, remodel, repair, alter or otherwise prepare the premises for reoccupancy. (f) To take any and all measures, including inspections, repairs, alterations, additions and improvements to the premises or to the building as may be necessary or desirable for the safety, protection or preservation of the premises or of the building or Lessor's interests, or may be necessary or desirable in the operation of the building.

Lessor may enter upon the premises and may exercise any or all of the foregoing rights hereby reserved without being deemed guilty of an eviction or disturbance of Lessee's use or possession and without being liable in any manner to Lessee.

5. DEFAULT UNDER OTHER LEASE: If the term of any lease, other than this lease, made by Lessee with Lessor shall be terminated or terminable after the making of this lease because of any default by Lessee under such other lease, that fact shall empower Lessor, at Lessor's sole option, (a) to terminate this lease, or (b) to add any sums due to Lessor under the other lease to the Rent payable under this lease. The exercise of above rights becomes effective by Lessor's notice only.

6. WAIVER OF CLAIMS: To the extent permitted by law, Lessee releases Lessor and Lessor's agents and servants from, and waives all claims for damage to person or property sustained by Lessee or any occupant of the Building or premises resulting from the Building or premises or any part of either or any equipment or appurtenances becoming out of repair, or resulting from any accident in or about the building, or resulting directly or indirectly from any act or neglect of any tenant or occupant of the Building or of any other person, including Lessor's agents and servants. This Section 6 shall apply especially, but not exclusively, to the flooding of basements or other subsurface areas, and to damage caused by refrigerators, sprinkling devices, air conditioning apparatus, water, snow, frost, steam, excessive heat or cold, falling plaster, broken glass, sewage, gas, odors or noise, or the bursting or leaking of windows, doors, or any pipes, and applies equally whether any such damage results from the act or neglect of Lessor or of other tenants, occupants or servants in the building or of any other person, and whether such damage is caused or results from any thing or circumstance above mentioned or referred to, or any other thing or circumstance whether of a like nature or of a wholly different nature. If any such damage, whether to Lessee or to other persons, results in abatement of rent or in damage to Lessee or to Lessee's property in the Building, result from any act or neglect of Lessee, Lessor may, at Lessor's option, repair such damage and Lessee shall, upon demand by Lessor, reimburse Lessor therefor for the total cost of such repairs. Lessee shall not be liable for any damage caused by its act or neglect if Lessor or a tenant has recovered the full amount of the damages from insurance and the insurance company has waived in writing its right of subrogation against Lessee. All property belonging to Lessee or any occupant of the premises that is in the Building or the premises shall be there at the risk of Lessee or other persons only, and Lessor shall not be liable for damage thereto or theft or misappropriation thereof.

7. HOLDING OVER: If Lessee retains possession of the premises or any part thereof after the termination of the term by lapse of time or otherwise, Lessee shall pay Lessor rent at double the rate of rental and interest thereon, specified in section 1, for the time Lessee thus remains in possession, and in addition thereto, shall pay Lessor all damages sustained by reason of Lessee's retention of possession. If Lessor consents to possession of the premises or any part thereof after termination of the term by lapse of time or otherwise, such holding over shall, in the absence of written agreement to the contrary, be deemed to be a tenancy from month to month at the rental in effect at the end of the term, but otherwise upon the same terms and conditions as set forth in this lease, so far as applicable. Lessor's acceptance of any rent after holding over does not renew this lease. The provisions of this section do not waive Lessor's rights of reentry or any other right hereunder.

8. SUBLETTING, ASSIGNMENT, OR TRANSFER OF CONTROL: Lessee shall not allow or permit any transfer of this Lease or any interest under it or any line, assignment, transfer or other disposition of this lease or any interest under it, or permit the use or occupancy of the premises or any part thereof by any one other than Lessee. If Lessee is a corporation, any dissolution, merger, consolidation or other reorganization of Lessee, or the sale or other transfer of a controlling percentage of the capital stock of Lessee, or the sale or transfer of over fifty percent of the value of the assets of Lessee, or the sale or transfer of a controlling percentage of the capital stock of any corporate shareholder of Lessee or any corporate successor in interest of Lessee, shall be deemed a voluntary assignment of this lease by Lessee. The transfer, on a cumulative basis, of over twenty-five percent of the voting control of any partnership, joint venture or syndicate Lessee shall be deemed a voluntary assignment of this lease by Lessee. The ownership of the shares of stock which constitute control of Lessee changing by reason of sale, gift or death, Lessor may at any time thereafter terminate this lease by giving Lessee written notice not less than thirty days prior to the date of termination stated in the notice. The receipt of rent after such change of control shall not affect Lessor's rights under the preceding sentence.

9. CONDITION OF THE PREMISES: Lessee has examined the premises before signing this Lease and is satisfied with the condition thereof, excepting only such alterations, improvements, repairs, decorating and cleaning, if any, which are specifically provided for herein. Lessee's taking possession shall be conclusive evidence against Lessee that the premises were in good order and satisfactory condition when Lessee took possession hereunder. No promise of Lessor to alter, remodel, improve, repair, decorate or clean the premises or any part thereof, and no representation respecting the condition of the premises or the Building, has been made by Lessor to Lessee, unless the same is contained herein or made a part hereof. At the termination of this lease or of Lessee's right of possession, Lessee shall return the premises and all equipment and fixtures therein in as good condition as when Lessee took possession, ordinary wear and tear excepted, failing which Lessor may restore the premises, equipment and fixtures to such condition and Lessee shall pay the cost thereof upon request.

10. ALTERATIONS: Lessee shall not make any alterations in or additions to the premises without Lessor's advance written consent in each and every instance. Lessor's decision to refuse such consent shall be made in Lessor's sole discretion. If Lessor consents to such alterations or additions, before commencement of the work or delivery of any materials onto the premises or into the Building, Lessee shall furnish Lessor with plans and specifications, names and addresses of contractors, copies of contracts, necessary permits and indemnification in form and amount satisfactory to Lessor and waivers of lien against any and all claims, costs, damages, liabilities and expenses which may arise in connection with the alterations or additions. Whether Lessee furnishes Lessee the foregoing or not, Lessee hereby agrees to hold Lessor harmless from any and all liabilities of every kind and description which may arise out of or be connected in any way with said alterations or additions. All additions and alterations shall be installed in a good, workmanlike manner and only new, high-grade materials shall be used. Before commencing any work in connection with alterations or additions, Lessee shall furnish Lessor with certificates of insurance from all contractors performing labor or furnishing materials insuring Lessor against any and all liabilities which may arise out of or be connected in any way with said additions or alterations. Lessee shall pay the cost of all such additions and additions and also the cost of decorating the premises occasioned by such alterations and additions. Upon completion of any alterations or additions, Lessee shall furnish Lessor with contractors' affidavits and full and final waivers of lien covering any alterations or additions. Lessee shall not permit any materials used and used. All alterations and additions shall comply with all applicable laws and ordinances and with all orders, rules and regulations of the City of Chicago or any other public authority, and with the insurance requirements and with all ordinances and regulations of the City of Chicago or any other public authority, and with the requirements of all statutes and regulations of the State of Illinois or of any department or agency thereof. Lessee shall permit Lessor to supervise construction operations in connection with alterations or additions if Lessor requests to do so. All additions, hardware, non-trade fixtures and all improvements, temporary or permanent, in or upon the premises, whether placed there by Lessor or by Lessee, shall, unless Lessor requires their removal, become Lessor's property and shall remain upon the premises at the termination of this lease by lapse of time or otherwise without compensation or allowance or credit to Lessee. If, upon Lessor's request, Lessee does not remove said additions, hardware, non-trade fixtures and improvements, Lessor may remove the same and Lessee shall pay the cost of such removal upon Lessor's demand. If Lessee does not remove Lessee's furniture, floor coverings, trade fixtures and other personal property of all kinds from the premises prior to the end of the term, however ended, Lessee shall be conclusively presumed to have conveyed the same to Lessor under this lease as a bill of sale without further payment or credit by Lessor to Lessee.

11. USE OF PREMISES: (a) Lessee shall occupy and use the premises during the term for the purpose above specified and none other, conducting Lessee's business and activity therein during all usual days and hours for the business in the vicinity except when prevented by strikes, fire, casualty or other causes beyond Lessee's reasonable control and except during reasonable periods for repair, cleaning and decorating. (b) Unless Lessor consents thereto, provided herein and then only upon strict compliance with such provisions, Lessee shall not manufacture, distribute, store, sell or give away any wholesale liquor, as defined in the Illinois Liquor Control Act approved January 31, 1934 as amended. (c) Lessee shall not exhibit, sell or offer for sale, use, rent or exchange on the premises or in the building any article, thing or service except those ordinarily embraced within the authorized use of the premises. (d) Lessee will not make or permit to be made any use of the premises which, directly or indirectly, is forbidden by public law, ordinance or governmental or municipal regulation or order, or which may be dangerous to life, limb or property, or which may invalidate or increase the premium cost of any policy of insurance carried on the building or covering its operations. (e) Lessee will comply with all requirements for state, municipal or other governmental departments, commissions and boards and will pay all charges, fees and charges in connection therewith, failing which Lessor may, but need not, pay any and all such fees and charges for the account of Lessee. (f) Lessee shall keep all first floor street-fronting show windows brightly lighted during the term from dusk of each day until [illegible] P. M., including Sundays and holidays. (g) Lessee shall not display, install, inscribe, paint or affix any sign, picture, advertisement or notice on any part of the premises and will not display

Be It Further Resolved, That the City of Chicago, expresses its gratitude and appreciation for the excellent example of Americanism which is every day displayed by Marlene Liss and which she had written in her essay on Americanism.

Alderman Swinarski moved to *Suspend the Rules Temporarily,* to permit immediate consideration of and action upon said proposed resolution. The motion *Prevailed.*

On motion of Alderman Swinarski said proposed resolution was *Adopted.*

The following is the Essay on Americanism attached to the foregoing resolution:

AMERICANISM AND ME.

I, Marlene Liss, am an American citizen. I am a citizen of the greatest society in the most fortunate land the world has ever known. And yet, I look about me, and I can see a troubled nation, a questioning land where vast changes are occurring daily.

I am able to see students protesting on college campuses, demanding more liberties for themselves. I can also see a young man, in his late teens or early twenties, fighting in a hot, and muggy jungleland. His job is not a pleasant one, but he fights on because he believes in freedom and justice for all. As my mind sees this young man, I become very proud. He's fighting for me, and for my children even though his beliefs may cost him an arm, a leg, or his life. My heart goes out to the young man and I find I am proud to be an American.

As I look around, I can also see poor Negroes banded together in a tent city in the nation's capital. These people are currently petitioning the government for their rights to partake of the many opportunities which this great bulkwark of democracy offers with equal justice for all mankind, without exception of race or religious beliefs.

A short distance from the tent city lie two graves and an eternal flame. I can picture two men, who stood for so very much to so many people through-

out the world, shaking hands with great multitudes, spreading hope to the hopeless, faith to the doubtful.

Suddenly, I feel very sad, because I know that the madness of a few have struck down great men who could have done so much for the world. I also become skeptical of world institutions and of world diplomacy which attempt to end wars, heal the sick, and feed the hungry.

As I continue to look about me, I see doubt, a vast uncertainty prevailing everywhere. I know that millions of Americans are faced with ever-increasing problems and decisions—decisions which will affect billions of people around the world. But besides the uncertainty and the sadness, I feel shock and horror. Student demonstrations, rioting, and murder are taking place in a nation of "liberty and justice for all".

We must not sit back and wait. We must shed our fears and doubts now and strive for a correction of these ills. The American of today must continue to build this nation into the greatest democracy ever achieved. And this end will be realized because I, and other Americans like me, shall not fail our country.

City of Chicago, Plaintiff-Appellee, vs. Mary Quane, Defendant-Appellant, Illinois Appellate Court No. 51029. The Illinois Appellate Court on July 9, 1968 rendered an opinion affirming the judgment finding the defendant guilty of violating the Disorderly Conduct Ordinance of the City of Chicago and imposing a fine upon her of fifty dollars. The defendant's appeal was based upon a contention that she had been charged with a criminal offense and had improperly been denied the right to counsel.

The defendant sought to raise her arguments on appeal by means of an affidavit attached to a post trial motion. The Illinois Appellate Court held that this procedure was incorrect stating: "The only allegation that the defendant was denied counsel comes from the affidavit made by her and attached to the motion for a new trial. Alleged errors of the trial court cannot be considered by the reviewing court when they appear solely from the recitals of an affidavit accompanying a motion for a new trial.".

Krantz v. O'Neill, Illinois Appellate Court No. 52201. The Illinois Appellate Court on July 29, 1968 rendered an opinion affirming a judgment of the Circuit Court of Cook County in favor of the defendant, a Chicago police officer. In an attempt to arrest the plaintiff, the police officer had shot the plaintiff. The plaintiff subsequently sued the police officer for the alleged use of excessive force in the arrest; during the trial the plaintiff claimed that it was prejudicial error to introduce evidence of certain prior arrests of the plaintiff and also to introduce certain burglar tools which were found in the plaintiff's possession after he was shot. The Appellate Court held that it was not prejudicial error to introduce evidence of the plaintiff's prior arrests because it served to link the plaintiff with another man with which he was involved in crime in the case at bar. The Court also held that it was not prejudicial error to admit into evidence the burglar tools because they were indicative of the criminal conduct of the plaintiff at the time of the arrest.

The above elevations as fixed shall be measured from Chicago City datum as established by the City Council of the City of Chicago.

The roadway(s) of the several street(s) heretofore specified between the points herein described, also the roadway(s) of all intersection alley(s) extended from the curb line to the street line on each side of said specified street(s) between the points herein described shall be so graded by cutting for filling and compacted by rolling with a roller of ten (10) tons weight that after the grading of the roadbed(s) is completed and the pavement herein described placed thereon, the surface of the finished pavement at the center of the roadway of each of said specified street(s) shall be at the elevation of the top of the curbing herein described; and the surface of the said finished pavement at the summits in the gutters between catchbasins and adjoining the roadway face of the curbing shall be three (3) inches below the top of said curbing, and at the catchbasin inlets in the gutters adjoining the roadway face of the curbing shall be nine (9) inches below the top of said curbing. The slope of the gutters adjoining the roadway face of said curbing shall be uniform from the summits to the catchbasin inlets.

A transverse section of the surface of the finished pavement and gutters shall be an arc of a circle passing through the said gutter elevations and the elevation of the center of said finished roadway at every part of the roadway of each of said specified street(s) between the points herein described.

In all intersecting alley(s) herein specified at the street line(s) of said specified street(s) the surface of the finished pavement adjoining the curbing shall be even with the top of the curbing, and the surface of the finished pavement at the center of the roadways of said alleys shall be three (3) inches below the top of the curbing; and a transverse section of the surface of the

finished pavement at the street line(s) of said specified street(s) shall be an arc of a circle passing through the surface of the pavement adjoining said curbing and the surface of the pavement at the center of said finished roadway(s). The surface of the said pavement thence shall slope gradually to meet the surface of the finished pavement at the curb lines of said specified street(s).

On the sub-grade as formed and compacted shall be spread an insulation course of limestone screenings. Said insulation course shall be one (1) inch in thickness and shall extend across the full width of the roadbed.

On the insulation course as formed and compacted shall be spread a foundation course consisting of a layer of crushed limestone of the best quality, broken so as to pass through a ring of four (4) inches internal diameter and held on a ring of two (2) inches internal diameter. The stone spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pockets filled with the small size stone. This layer shall be thoroughly rolled with a self propelled three wheel roller, weighing not less than ten (10) tons. The rolling shall begin at the edge of the pavement and the roller shall move parallel with the center line of the roadway. The roller shall progress gradually towards the center of the roadway, uniformly lapping each proceeding track, covering the entire surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screenings have been applied to completely fill the interstices.

The screenings shall be swept in with hand brooms to properly fill the voids. The spreading and rolling shall continue until no more screenings will go in dry. No excess of screenings shall be used before applying water. Immediately after the voids have been filled with screenings, the macadam shall be sprinkled until saturated, the sprinkler being followed by a roller. More screenings shall be added if necessary. The sprinkling, sweeping and rolling shall continue until a grout shall be formed of the screening and water that will fill all voids, and form a wave of grout before the wheels of the roller. The quantity of screening and water necessary to fill the voids shall be determined by the engineer and shall be sufficient to produce a rough, granular surface. The rolling, at all times, shall begin at the sides, and then progress toward the center, thoroughly covering the entire surface with the rear wheels. When compacted, this layer shall measure not less than five (5) inches in thickness.

Upon the finished waterbound macadam base there shall be uniformly applied by an approved type of spreader box, two (2) inch stone to a depth providing a total base course thickness of three (3) inches after final compaction. After shaping to grade and rolling with a ten (10) ton roller three quarter (¾) inch stone chips shall be broadcast and broomed into the surface voids at the rate of fifteen (15) pounds per square yard. Liquid asphalt at a temperature of 140 degree F. shall be uniformly applied by a pressure distributor at a rate of one and one-half (1½) gallons per square yard. Stone chips shall again be broadcast and broomed uniformly over the surface at the rate of fifteen (15) pounds per square yard. Liquid asphalt shall be uniformly applied by a pressure distributor at the rate of one-half (½) gallon per square yard. Stone chips shall be broadcast again at the rate of ten (10) pounds per square yard. The surface shall then be thoroughly rolled. The asphalt shall conform to the State Specification for Emulsified Asphalt R.S. 2, Page 640 of Illinois Standard Specifications for Road and Bridge Construction adopted January 2, 1952.

On the said foundation course shall be placed an asphaltic concrete surface course two (2) inches in thickness consisting of an asphaltic concrete mixture conforming to the standard requirements of the Illinois State Division of Highways for Type 1-11 Asphaltic Concrete adopted January 2, 1952, as follows: The asphaltic mix shall consist of a mineral aggregate bonded with the asphaltic cement. The mineral aggregate shall consist of the best quality of crushed gravel or crushed stone in sizes graduated in accordance with the following table, viz:

Asphaltic Concrete Surface Course, Fine Dense Graded Aggregate Type

Passing ½ inch sieve	95-100%
Passing ½ inch, retained on No. 4 sieve	45- 65%
Passing No. 4 retained on No. 10 sieve	10- 30%
Passing No. 10 retained on No. 40 sieve	5- 18%
Passing No. 40 retained on No. 50 sieve	7- 22%
Passing No. 80 retained on No. 200 sieve	5- 13%
Passing No. 200 sieve	4- 8%
Bitumen	5- 7%

(Table 45.11p. 247 State Specifications)

The asphaltic cement shall conform with the standard requirements of the Illinois State Division of Highways for Grade P.A. 6 Paving Asphalt, adopted January 2, 1952. It shall have a flash point (Cleveland open cup) 500 plus Fahrenheit. It shall have penetration at seventy-seven (77) degrees Fahrenheit of seventy-five (75) to eighty-five (85), and at least ninety-nine and five-tenths (99.5) per cent of bitumen shall be soluble in carbon disulphide.

When fifty (50) grams of said paving asphalt is heated in an uncovered tin box five and one-half (5½) centimeters in diameter and three and one-half (3½) centimeters in depth, and is held at a temperature of three hundred and twenty-five (325) degrees Fahrenheit for five (5) hours, then it shall have lost not over two (2) per cent by weight and the penetration of the residue thus obtained shall not be less than seventy (70) per cent of the penetration before such heating, said penetration being determined as herein described. Said paving asphalt shall have a ductility of not less than one hundred (100) centimeters being determined by elongating a briquette Dow form of said paving asphalt at uniform rate of five (5) centimeters per minute at a temperature of seventy-seven (77) degrees Fahrenheit.

The paving asphalt and mineral aggregate shall be mixed when heated between three hundred (300) and three hundred fifty (350) degrees Fahrenheit in an approved mixer to produce a homogenous mixture in which all particles of aggregate are coated uniformly. The heated mixture shall be delivered to the pavement in trucks with approved clean tight dump bodies. The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the thickness when compacted as herein described will be two (2) inches.

Immediately after the asphalt surface course

shall be spread it shall be connected thoroughly and uniformly with a three (3) wheel roller or a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly with a three-wheel roller or a tandem roller. One (1) or more three-wheel rollers and one (1) or more tandem rollers will be required. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final rolling the asphalt surface course shall at all points have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

POZZOLANIC BASE COURSE

IV-2. On the subgrade as formed and compacted shall be placed and compacted to the depth shown on the plans and as herein provided.

(a) The pozzolanic base course shall be constructed in layers not more than 6 inches (compacted) in thickness. When the thickness specified is more than 6 inches the base course shall be constructed in 2 or more approximately equal layers. Each layer shall be deposited, full-lane width, directly on the prepared subgrade or on the preceeding layer of compacted mixture with a mechanical spreader box of a type approved by the Engineer. Where the base must be constructed in more than one layer, the previous layer shall be maintained in a moistened condition until the succeeding layer is placed. After having been tested for density and approved by the Engineer, the previous layer shall be raked to a depth of one inch and dampened with water immediately prior to placing the succeeding layer so that the layers are in it together. The second layer must be placed the same day as the first layer. The Engineer of the Board of Local Improvements shall determine when the base course shall be constructed in one or more lifts. When placed, the pozzolanic mixture shall be free from segregation and shall require minimum blanding and manipulation. Immediately after placing, the mixture shall be compacted with a pneumatic-tired roller, or with a vibratory compactor, or with a combination of the two. The base course shall be given a final rolling with a three wheel or tandem roller. If the pozzolanic base is placed on gradual sub-base, the pozzolanic base shall be compacted to at least 100 per cent of maximum density except that if more than one layer is required the first layer shall be compacted to 97% of maximum density and succeeding layers shall be compacted to 100% of maximum density.

(b) All pozzolanic mixture shall be placed and compacted the same day as it is mixed. The entire base course within the increment of work shall be completed within 24 hours.

(c) Except in specific cases, when otherwise permitted by the Engineer the pozzolanic base course mixture shall be placed between April 15 and October 15 and only when the temperature is 40 or more.

(d) The three wheel or tandem rollers shall weigh from 6 to 10 tons and shall weigh not less than 200 pounds nor more than 325 pounds per inch width of roller. The compression developed by the pneumatic-tired roller shall be not less than 225 pounds per inch of tire width.

IV-4. MATERIALS. All materials shall conform to the following requirements:

(a) Lime. High-calcium hydrated lime or monohydrated dolomitic lime shall be used. The lime shall have a total oxide (calcium and magnesium) equivalent of not less than 85 per cent and a loss of ignition of not more than 25 per cent. Monohydrated dolomitic lime shall have only the calcium component hydrated. Exposure of the lime to air shall be held to a minimum. If more than 10 per cent of the lime has reverted to a carbonate, it shall not be used.

(b) Fly ash. The pozzolan, prior to dampening thereof to alleviate the dust problem shall comply with the requirements of ASTM Designation: C-379 or C-432 with 10% maximum loss on ignition. The tests prescribed by this specification shall be performed at the option of the engineer. At the time of mixing the pozzolan shall be in a finely divided condition such that 95% shall pass a ½ inch seive when dry-seived.

(c) Course Aggregate. The coarse aggregate shall be gravel, crushed stone, crushed slag or boiler slag meeting the following requirements:

(1) Gravel, crushed stone or crushed slag. The gradation for all three materials, shall be as follows:

No. 200	
(gravel)	0- 10%
(crushed stone & slag)	0- 15%

(2) Boiler slag. The slag shall be wet bottom boiler slag produced as a by-product of a power plant burning pulverized bituminous coal. The slag shall be composed of hard durable particles and shall be free of excessive or harmful amounts of foreign substances. Boiler slag or granulated slag in an oven dry condition shall meet the following gradation requirements:

Sieve	*Per Cent by Weight Passing*
No. 4	80-100%

No. 40	0- 25%
No. 200	0- 10%

Note: Granulated slag will be permitted only when authorized in writing by the Engineer.

(d) Samples. The contractor, shall at his own expense, submit to the Engineer a minimum of 25 pounds of lime, 100 pounds of fly ash and 150 pounds of the course aggregate which he proposed for use in the pozzolanic mixture. The lime, when sampled, shall immediately be placed in a sealed container and shall be kept sealed. Samples shall be furnished at least 45 days prior to the construction of the pozzolanic base course. The samples as submitted will be tested for acceptance of materials and also to determine whether or not they will produce a satisfactory mixture; and will

be used to determine preliminary proportions for the mixture composition.

IV-4. COMPOSITION OF MIXTURE.

(a) The lime, pozzolan and aggregate shall be proportioned within the following limits on a dry-weight basis:

PERCENT BY WEIGHT OF TOTAL DRY MIXTURE

Ingredient	*Gravel, Crushed Slag or Crushed Stone Aggregate Blend*	*Boiler Slag*
Lime	2- 5	2- 4
Pozzolan	8-16	15-30
Aggregate	79-90	56-78

(b) The actual proportions of lime, pozzolan, water and aggregate will be set by the Engineer before work begins and will be based on tests conducted on mixtures composed of samples of the constituent materials furnished by the Contractor. The right is reserved by the Engineer to make such changes in proportions during the progress of the work as he may consider necessary.

(c) The composition of the mixture shall be such that when molded into cylinders, cured and tested as stated in the following paragraph, each cylinder shall have a minimum compressive strength of 450 psi and a maximum weight loss of 14% after 12 cycles of freezing and thawing.

(d) Test cylinders shall be molded at the optimum moisture content and maximum density in accordance with AASHO Designation T 180, Method C, except that the 5 lift requirement is replaced with 3 lifts and no replacement of coarse aggregate (+¾ inch sieve) is made. The molded specimens shall immediately be placed in an oven with forced air circulation for 7 days at 100+3 F. At the end of 7 days, the test cylinders for compressive strength testing shall be removed from the containers, allowed to cool to room temperature, soaked for four hours capped and broken for compressive strength within one hour of time of removal from water. The specimens to be tested for freeze-thaw resistance shall be cured in the same manner as the strength speciments without the 4 hour soaking period. After curing the specimens shall be subjected to 12 cycles of freezing and thawing in accordance with AASHO Designation: D 560, sections 5, 9 and 10 pertaining to specimen No. 2 (weight loss specimen).

IV-5. MIXING.

(a) The constituents of the mixture shall be accurately proportioned and thoroughly mixed in a mechanical mixer at a central mixing plant. The measuring devices for proportioning the mixer, either by volume or by weight shall be of such accuracy that the proportions of the mixture based on total dry weight will be maintained within the following tolerances:

Lime	+0.3 percent by weight
Fly ash	+1.5 percent by weight
Aggregate	+2.0 percent by weight

(b) The equipment used must be provided with means, meeting with approval of the Engineer, for calibration and check tests of measuring devices. In all plants, the water shall be proportioned by weight or volume and there shall be means by which the Engineer may readily verify the amount of water per batch or the rate of flow for continuous mixing. The contractor shall provide a platform scale and make arrangements for the use of a certified truck scale of sufficient capacity for calibration and periodic check tests of the feeders or measuring devices as needed during production.

(c) The mixer shall be capable of producing a uniform mixture. Mixing operations shall be continued until all ingredients are distributed evenly throughout the mixture and a uniform mixture, free of segregation, is obtained. The Engineer shall be the sole judge of the adequacy of mixing. The mixer shall be capable of discharging the mixture without undue segregation. The moisture content at the time of mixing shall be such that the moisture content at the time of compaction will be within 85 to 110 percent of the optimum moisture determined.

IV-6. PRIME COAT. On the prepared base after removing, by sweeping or otherwise, any loose material, dirt, or debris, shall be applied a prime coat of bituminous material at the rate of 0.15 to 0.30 gallons per square yard, using asphalt: MC - O.

Prime coat for the above and its application shall conform to the following:

(a) This material shall be homogenous and shall show no separation of asphalt after thorough mixing, within 30 days after delivery, provided separation has not been caused by freezing. It shall coat the aggregate being used in the work to the satisfaction of the engineer and shall conform to the following requirements:

It shall operate smoothly at low speed.

It shall have a dial and pressure gauge, spray bars of various lengths, and a hand spray bar for applying materials at street and alley returns and radius corners.

(c) A tank thermometer to determine the temperature of the contents of the tank and a tachometer to enable the driver to maintain the constant speed necessary for the correct application of the specified quantity of bitumen. The cost of this material, together with the cost of labor, equipment and other costs required in placing such materials shall be included in the unit price bid per square yard of pavement.

Upon the primed pozzolanic base course shall be placed 2 courses of asphaltic concrete and shall meet the same requirements as previously stated.

Concrete crosswalks shall be built at inter-

section only. Concrete crosswalks shall be built according to the Standard City Code of the City of Chicago.

The concrete shall conform to Class X Concrete (as described in this ordinance for curbs and gutters).

All existing catchbasins which are to be abandoned are located at the intersections of streets. Where existing catchbasins are to be abandoned, the outlet pipe connection from the catchbasin to the sewer shall be plugged and properly sealed and the corbel courses broken down and the catchbasin cleaned and filled with suitable material.

P.C.C. sidewalk removal and restoration where necessary.

Additional masonry where necessary.

Said work is to be done in a workmanlike manner under the superintendence of the Board of Local Improvements of the said City of Chicago.

Section 4. That the aggregate amount herein ordered to be assessed against the property, and also the assessment on each lot and parcel of land therein assessed shall be divided into five (5) installments in the manner provided by the statute in such cases made and provided, and each of said installments shall bear interest at the rate of six (6) per centum per annum according to law until paid.

Section 5. That for the purpose of anticipating the collection of the second and succeeding installments of said assessment for said improvement (excepting such part, if any, that is chargeable to the City of Chicago for public benefits to public lands), bonds shall be issued payable out of said installments bearing interest at the rate of six (6) per centum per annum, payable annually, and signed by the Mayor and by the President of the Board of Local Improvements, countersigned by the City Comptroller and attested by the City Clerk under the corporate seal of the City of Chicago. 22. That in case the said Navy Pier or any part thereof shall be destroyed or damaged by fire or any other cause, or if any other casualty or unforeseen occurrence shall render the fulfillment of this lease by the Lessor impossible, including, without limitation thereto, the requisitioning of the leased premises by the United States Government or any arm or instrumentality thereof, then and thereupon this lease shall terminate and the Lessee shall pay rental for said premises only up to the time of such termination, at the rate herein specified, and the said Lessee hereby waives any claim for damages or compensation should this lease be so terminated.

31. It is understood and agreed that the Lessor leases to the Lessee space "as is", and that the Lessee will make, at his own expense, all changes, alterations, installations, and decorations therein, which are previously agreed to by the Lessor, and that the Lessee will restore, at his own expense, the building to the same condition in which it existed prior to any alterations, changes, and restorations; the Lessee shall use only labor of the

The Lessee shall not engage or undertake the sale of any of the aforesaid articles or privileges—or any other articles not enumerated to be sold or given away, without the written consent of the Lessor.

34. The Lessor retains the sole right to enter into a contract with a concessionaire or restaurant operator of its own choosing, and such concessionaire or operator shall have sole rights to all sales of any and all types of food products or beverages or beverage product mentioned previously in paragraph 33, including but not limited to all services and commodities, such concession Operator, Company, Corporation or Partnership shall have sole and exclusive right for operation of all vending machines, whether coin operated or otherwise.

Such concession operator shall operate and control check rooms or baggage rooms and charge a fee for this service as may be deemed reasonable by the Port Director.

36. The Lessee shall not be entitled to any fee or sum of money from either the City of Chicago or the operator of concessions from any part of concessions operated in area aforesaid described by Code of the City of Chicago, Section 38-4.

37. Certain areas as the Port Director shall designate to be used as access to and egress from public rooms such as toilet facilities, entrances to or from restaurant or concession facilities, must not be used by the Lessee, or the exhibitors who lease from Lessee.

38. The Lessee does hereby agree that all vendors, contractors or suppliers, or personnel or prospective personnel, or labor of any Lessee or contractor or concession operator of the City of Chicago that uses or otherwise engaged in or transacting business in and about Navy Pier—or its environments including vehicles of all types—including water craft of any type—shall have free and easy access to and from either their leased or construction areas, at any and all times, including priority to service any such Lessee or contractor.

39. The Lessor reserves the right and privilege to do such work as may be necessary for repairs, renovation, re-building or remodeling or perform such work as the Lessor may deem as necessary during the tenure of this agreement without consent of Lessee including any new construction work, either by an agency of the City of Chicago, or other governmental agency, or by outside contractor; and shall have free and easy access to and from such necessary areas at all times for all such personnel or prospective personnel or labor and all types of vehicles or water craft of any type either of City of Chicago or such agency or contractor or supplier or vendor, or sub-contractor as may be necessary including marine contractors or builders.

The Lessee shall be held responsible for payment for such amount as may be due the City of Chicago.

41. If the Lessee operates, or shall lease to be operated, any type of show or spectacle or amusement within the area leased by the Lessee, or in and about Navy Pier, and an admission price is charged for same either directly or indirectly, same shall be construed as amusement etc., and the City of Chicago shall receive therefrom ten per cent (10%) as above provided. This pertains also to any type of water show, or other show of any type that may be operated in the water adjacent to Navy Pier.

42. If the Lessee operates any type of exposition or show for which a base entrance admission is charged, the City of Chicago shall receive—as is now provided by law—three per cent (3%) of the established base price of admission, such three per cent (3%) shall apply also to advance sale tickets, or book or block sale of tickets, either at a reduced or "marked up" price—such three per cent (3%) shall be paid to the City of Chicago on the basis of established price of admission, not the

reduced price, for example if the established price —(before U.S. tax or other government tax) is one dollar ($1.00) at the ticket seller's window, and such or same type of ticket is sold in advance, or any other way that will admit person on same privilege as ticket window admission ticket, and is sold at a reduced price, the City of Chicago shall collect on value of such ticket as is sold at the "box-office or ticket window" price. The same basis for collecting the City of Chicago three per cent (3%) shall apply to any "package" type of ticket that may be sold or given away by Lessee or agents of Lessee, this pertaining in particular to "tie-in" sale of space to exhibitor or other persons or parties of any other nature whatsoever, either paid for or given away by Lessee or other persons.

43. If and as soon as any other tickets are printed or used, the Lessee shall furnish a similar verified statement with respect thereto. A facsimile of each type and kind of ticket to be issued by the Lessee shall be submitted to the Port Director for his approval at least thirty (30) days prior to the time any ticket is offered for sale or distribution by the Lessee, or at the time of the execution of this agreement by the Lessee, whichever is the later.

44. If the premises or any part thereof are used for paid admission type of show, at the close of each day's performance of show, or at the end of each day, the Port Director or his representative shall be present to certify the official Box office or ticket treasurer's daily report and shall be furnished at least three copies of the box office ticket report form sheet duly certified by an accredited representative of Lessee and the box office treasurer. On this form or an attached form shall be shown the number of other persons entering the premises on either complimentary, executive, staff, employee, service, performer or exhibitor type admission; however, reasonable allowances shall be made for visiting dignitaries or special admissions such as messengers, guards etc. or musical or parade organizations, or members of the Armed Forces of the United States or other countries.

45. The City of Chicago shall approve of the number and form of complimentary press, etc., or free tickets that may be distributed—and the City of Chicago shall be entitled to such a number of such complimentary tickets as may be deemed necessary by the Port Director, such number shall not exceed fifteen (15%) of the number of free or complimentary tickets printed or made up by the Lessee or his agents. No exhibitor or concessionaire of Lessee shall issue any tickets either for admission or concession purposes, except with writen approval of the Port Director.

46. All forms and types of credentials, identification cards or badges or ribbons or buttons that may be used to gain entrance to show, exhibition or fair, either by executives, staff members, employees of either the Lessee or his agents, exhibitors or operators of amusement enterprises, or performers, or any other person, or members of the press, radio or television or official photographers, shall be approved by the Port Director as to number and form.

47. If admission is charged for entrance to show or exhibition or fair, there shall be self counting turnstiles installed at entrance thereto and all persons permitted to gain entrance thereby, either as executive, staff, employee, exhibitor or performer or any other reason—including paid or complimentary admission, shall pass through such turnstile. Such turnstile count shall be immediately available to a responsible executive or officer or duly authorized person of the Fire Department, Building Department, or Port Director's staff for purposes of determining the number of persons then on the premises for reasons of safety or security.

48. Lessee hereby expressly waives any and all claims for compensation for any and all loss or damages sustained by reason of any defect, deficiency or impairment of the electrical and plumbing installations or any part thereof furnished for the premises hereby granted, or by reason of any loss or impairment of light or current or water which may occur from any cause, or for any loss or damage sustained by the Lessee resulting from fire, water, wind, and specifically from leaks in roof or skylights or doors caused by rainfall or other causes, civil commotion, riots or labor strikes; and the Lessee hereby expressly waives all rights, claims and demands, and forever releases and discharges the said Lessor or its officers and agents from any and all demands, claims, actions and causes of action arising from any of the causes aforesaid or in any manner whatsoever.

49. Lessee agrees that no performance, exhibition, or entertainment shall be given or held on the Navy Pier which are illegal, indecent, obscene, lewd, immoral or in any manner publicly offensive, then said Port Director shall have the right to demand of Lessee that he immediately delete such portions of the production as are subject to such criticism, or to rewrite or have changed the said attraction so that it will not be publicly offensive, and the Lessee agrees immediately upon receipt by it of such notice to make the required changes and deletions.

50. Lessee hereby expressly waives any and all claims for compensation for any and all loss or damages sustained by reason of any interference by any public agency or official acting in the performance of their official duties, in the operation of the Navy Pier, however, such interference shall not relieve the Lessee from any obligations hereunder.

51. Lessee agrees that nothing herein contained shall create or be construed as creating a co-partnership between the Lessor or any department or employee of the Lessor and the Lessee or to constitute the Lessee as agent of the Lessor or any department or employee of the Lessor.

52. Lessee agrees that within not less than ten (10) days prior to the opening date of the Lessee's show under this lease, the Lessee shall furnish the Lessor policies of insurance written by insurance companies to be approved by the Port Director and in the amounts required by Lessor, insuring Lessor against any and all claims for damage, death, injury and loss to persons and property, and against any and all suits or actions on account of any of the same that may be filed against the Lessor and each and every member, department and employee of the City of Chicago, or the Lessor as a result of this final rental agreement and any occupancy or use of the premises under this rental agreement.

In no event shall public liability insurance be less than $100,000.00 on account of injury or death to one person, and $300,000.00 on account of multiple injuries or death, nor less than $25,000.00 on account of loss or damage to property. All such policies of insurance shall be accompanied by receipts showing payment of premiums in full.

53. The Lessee shall not transmit a description of any portion of its operation by means of radio broadcasting or television without first having received permission to do so from the Port Director.

54. The Lessor reserves the right to cancel this agreement if the Lessee shall be engaged in advocating perversion of, or resistance to Local, State and Federal Laws, or be identified with communistic organizations, or organizations advocating resistance to our form of government, and the return of any deposit made shall settle all alleged claims the Lessee may have against the City of Chicago thereby.

55. No alterations, variations, or additions in or to the terms of this contract shall be valid unless in writing and signed by the parties hereto.

56. This contract shall be construed in accordance with the laws of Illinois and any action hereon may be brought in the Courts of Cook County.

57. It is further agreed by and between the Lessor and Lessee as follows:

WHEREAS, the Sponsor has submitted to the FAA a Project Application dated April 11, 1968, for a grant of Federal funds for a project for development of the Merrill C. Meigs Field Airport (herein called the "Airport"), together with plans and specifications for such project, which Project Application, as approved by the FAA is hereby incorporated herein and made a part hereof; and

WHEREAS, the FAA has approved a project for development of the Airport (herein called the "Pro-

ject") consisting of the following-described airport development:

"Construct bituminous overlay on Runway 18-36, parallel and connecting taxiways and parking apron. Construct PCC pavement service area within aircraft parking apron."

all as more particularly described in the property map and plans and specifications incorporated in the said Project Application;

Now Therefore, pursuant to and for the purpose of carrying out the provisions of the Federal Airport Act as amended (49 U.S.C. 1101), and in consideration of (a) the Sponsor's adoption and ratification of the representations and assurances contained in said Project Application, and its acceptance of this Offer as hereinafter provided, and (b) the benefits accrued to the United States and the public from the accomplishment of the Project and the operation and maintenance of the Airport as herein provided, The Federal Aviation Agency, for and on behalf of the United States, hereby offers and agrees to pay, as the United States share of the allowable costs incurred in accomplishing the Project, 50 percentum thereof.

This Offer is made on and subject to the following terms and conditions:

1. The maximum obligation of the United States payable under this Offer shall be $136,000.00.

2. The Sponsor shall:

(a) begin accomplishment of the Project within ninety days after acceptance of this Offer or such longer time as may be prescribed by the FAA, with failure to do so constituting just cause for termination of the obligations of the United States hereunder by the FAA;

(b) carry out and complete the Project without undue delay and in accordance with the terms hereof, the Federal Airport Act, and Sections 151.45-151.55 of the Regulations of the Federal Aviation Agency (14 CFR 151) in effect as of the date of acceptance of this Offer; which Regulations are hereinafter referred to as the "Regulations";

(c) carry out and complete the Project in accordance with the plans and specifications and property map, incorporated herein, as they may be revised or modified with the approval of the FAA.

3. The allowable costs of the project shall not include any costs determined by the FAA to be ineligible for consideration as to allowability under Section 151.41 (b) of the Regulations.

4. Payment of the United States share of the allowable project costs will be made pursuant to and in accordance with the provisions of Sections 151.57-151.63 of the Regulations. Final determination as to the allowability of the costs of the project will be made at the time of the final grant payment pursuant to Section 151.63 of the Regulations: *Provided,* that in the event a semi-final grant payment is made pursuant to Section 151.63 of the Regulations, final determination as to the allowability of those costs to which such semi-final payment relates will be made at the time of such semi-final payment.

5. The Sponsor shall operate and maintain the airport as provided in the Project Application incorporated herein and specifically covenants and agrees, in accordance with its Assurance 4 in Part III of said Project Application, that in its operation and the operation of all facilities thereof, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed or national origin in the use of any of the facilities provided for the public on the airport.

6. The FAA reserves the right to amend or withdraw this Offer at any time prior to its acceptance by the Sponsor.

7. This Offer shall expire and the United States shall not be obligated to pay any part of the costs of the Project unless this Offer has been accepted by the Sponsor on or before August 30, 1968 or such subsequent date as may be prescribed in writing by the FAA.

8. In addition the Sponsor shall:

(a) Incorporate or cause to be incorporated in each contract for construction work under the project, or any modification thereof, the equal opportunity clause as set forth in Section 202 of Executive Order No. 11246 of September 24, 1965, or such modification thereof as may be approved by the Secretary of Labor.

(b) Incorporate or cause to be incorporated in each bid or proposal form submitted by prospective contractors for construction work under the project the provisions prescribed by Section 151.54 (d) (1), Part 151, Federal Aviation Regulations.

(c) Be bound by said equal opportunity clause in any construction work under the project which it performs itself other than through its own permanent work force directly employed or through the permanent work force directly employed by another agency of government.

(d) Cooperate actively with the FAA and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor.

(e) Furnish the FAA and the Secretary of Labor such information as they may require for the supervision of such compliance and will otherwise assist the FAA in the discharge of its primary responsibility for securing compliance.

(f) Refrain from entering into any contract or contract modification subject to Executive Order No. 11246 with a contractor debarred from, or who has not demonstrated eligibility for, government contracts and Federally assisted construction contracts pursuant to Part II, Subpart D of Executive Order No. 11246.

(g) Carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the FAA and the Secretary of Labor pursuant to Part II, Subpart D of Executive Order No. 11246; and in the event that the sponsor fails or refuses to comply with its undertakings, the FAA may cancel, terminate or suspend in whole or in part any contractural arrangement it may have with the Sponsor, may refrain from extending any further assistance under any of its programs subject to Executive Order 11246 until satisfactory assurance of future compliance has been received from such applicant, or may refer the case to the Department of Justice for appropriate legal proceedings.

9. It is understood and agreed that each contract awarded for construction work under this project is subject to the provisions of the Work Hours Act of 1962, Public Law 87-581. It is further understood and agreed that each such contract will contain stipulations requiring the contractor or subcontractor to pay wages to all laborers and mechanics employed on the work in conformance with the provisions of the Act and that the Sponsor may withhold or cause to be withheld from the contractor or subcontractor so much of the accrued payments as may be considered necessary to pay laborers and mechanics employed by any such contractor or subcontractor on the work the full amount of wages required by the contract and such sums as may administratively be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for liquidated damages as provided by the Act. It is also understood and agreed that, in the event of failure of any contractor or subcontractor to pay any laborer or mechanic employed or working on the site of the work all or part of the wages required by the contract, the FAA may, after written notice to the Sponsor, withhold from the Sponsor so much of the accrued payments or advances representing unpaid wages and liquidating damages.

10. The Sponsor hereby convenants and agrees that its financial records of the project, established, maintained and made available to personnel of the FAA in conformity to Section 151.55 of the Regulations of the Federal Aviation Administration (14 CFR 151) will also be available to representatives of the Comptroller General of the United States.

11. By its acceptance of this Grant Offer the Sponsor agrees that insofar as is within its powers and to the extent reasonable, the Sponsor will take action to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and take-off of aircraft, in furtherance of its undertaking as set forth in Paragraph 13 of Part III — Sponsor's Assurances of the aforesaid Project Application.

12. By its acceptance hereof, the Sponsor hereby covenants that to the extent it has or may have either present or future control over each area identified on the Exhibit "A" as "clear zone", and unless exception to or deviations from the following obligations have been granted to the Sponsor in writing by the FAA, it will clear said area or areas of any existing structures or any natural growth which constitutes an obstruction to air navigation within the standards established by Section 77.23 as applied to Section 77.27, Part 77 of The Federal Aviation Regulations; and the Sponsor further covenants that it will control the subsequent erection of structures and control natural growth to the extent necessary to prevent the creation of obstructions within said standards.

13. It is hereby understood and agreed by and between the parties hereto that Paragraph 7 of Part III — Sponsor's Assurances of the aforesaid Project Application shall be considered to be amended by deletion of the words "Section A of FAA Technical Standard Order No. N18 or Advisory Circular (AC) No. 150/5300.1, whichever is applicable according to the currently approved Airport Layout Plan", and by substitution therefore of the following: "Section 77.23 as applied to Section 77.27, Part 77 of the Federal Aviation Regulations."

14. The Sponsor hereby further covenants that it will not permit any permanent-type structures, other than structures required for aids to air navigation and such other structures as may be specifically excepted in writing by the FAA, to be erected on, and that it will cause any existing structures to be removed from, each area identified on the Exhibit "A" as "clear zone" or any portions thereof, concerning which the Sponsor has acquired a fee interest with Federal financial assistance, irrespective of whether such structures constitute an obstruction to air navigation.

15. Notwithstanding the provision of Paragraph 3, Part III, of the Project Application, the Sponsor covenants and agrees that it will not grant or permit any exclusive right forbidden of Section 308 (a) of the Federal Aviation Act of 1958 (49 U.S.C. 1349) at the airport, or at any other airport now or hereafter owned or controlled by it. In furtherance of the policy of the FAA under this covenant, the Sponsor agrees that, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm, or corporation the exclusive right at the airport or at any other airport now or hereafter owned or controlled by it, to conduct any aeronautical activities, including, but not limited to, charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, and aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their relationship to the operation of aircraft can be regarded as an aeronautical activity. The Sponsor further agrees that it will terminate any such exclusive right (including any exclusive right to engage in the sale of gasoline or oil, or both) now existing at the airport, or at any other airport now or hereafter owned or controlled by it, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right, and certifies that there is no exclusive right not subject to termination under this provision.

16. It is understood and agreed that the terms "Administrator of the Federal Aviation Agency", "Administrator", "Federal Aviation Agency" or FAA wherever they appear in this Agreement, in the aforesaid Project Application, plans and specifications or other documents constituting a part of this Agreement shall be deemed to mean the Federal Aviation Administrator or the Federal Aviation Administration, as the case may be.

17. The Sponsor, the City of Chicago, hereby covenants and agrees with the United States as follows:

The Sponsor, in the operation and use of Merrill C. Meigs Field, will not on the grounds of race, color or national origin discriminate or permit discrimination against any person or group of persons in any manner prohibited by Title VI of the Civil Rights Act of 1964 and Part 15 of the Federal Aviation Regulations.

The Sponsor will include, or require the inclusion, in every lease, agreement or concession pursuant to which any person, persons or concerns, other than the Sponsor, operates or has the right to operate any facility on Merrill C. Meigs Field providing services to the public, a covenant obligating such lessee or concessionaire in like manner, and a provision granting the Sponsor the right to take such action as the Federal Government may direct to enforce such covenant.

Noncompliance with the foregoing assurance will constitute a material breach, and in the event of noncompliance, the Federal Government may take

appropriate action to enforce compliance, may terminate this Grant Agreement to which this covenant relates, or seek judicial enforcement.

This covenant shall become effective upon execution for and on behalf of the Sponsor of this Grant Agreement to which it relates and shall remain in full force and effect so long as Merrill C. Meigs Field continues to be used and operated as a public airport.

18. It is understood and agreed by and between the parties hereto that any reference herein or in the aforesaid Project Application to plans and specifications shall mean the plans and specifications approved on May 6, 1968 by the Airports Branch, Chicago Area Office, Central Region, FAA.

19. The Federal Government does not now plan or contemplate the construction of any structures pursuant to Paragraph 9 of Part III—Sponsor's Assurances of the Project Application, dated April 11, 1968, and therefore, it is understood and agreed that the Sponsor is under no obligation to furnish any such areas or rights under this Grant Agreement.

20. The Sponsor hereby covenants and agrees that the United States shall not make, nor shall it be obligated to make, any grant payment under this project until an Agency and Participation Agreement has been entered into by and between the City of Chicago, as Principal, and the State of Illinois, Department of Aeronautics, Co-Sponsor, and the same has been determined by the FAA to be consonant with the applicable statutes of the State of Illinois.

21. Notwithstanding the fact that the plans and specifications include overlaying of auto parking areas and roadways, it is understood and agreed by and between the parties hereto that such work is not a part of this project, and if accomplished by the Sponsor, shall be without any participation by the United States in the cost thereof. It is further understood and agreed by and between the parties hereto that if the Sponsor accomplishes any of the aforementioned work, the Sponsor will maintain separable cost records pertaining to these items of construction excluded from Federal participation under this project, and that such records shall be available for inspection and audit by the FAA to the end that the costs related to the excluded items can be duly ascertained.

22. It is understood and agreed by and between the parties hereto that the United States shall not make, nor shall it be obligated to make, final grant payment until the Sponsor has submitted for review by the FAA all leases and concession agreements in effect at the said Airport that have not been previously reviewed by the FAA which grant rights to conduct enterprises rendering services to the public, and the same have been determined by the FAA to be nonobjectionable.

The Sponsor's acceptance of this Offer and ratification and adoption of the Project Application incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and said Offer and Acceptance shall comprise a Grant Agreement, as provided by the Federal Airport Act, constituting the obligations and rights of the United States and the Sponsor with respect to the accomplishment of the Project and the operation and maintenance of the Airport. Such Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer and shall remain in full force and effect throughout the useful life of the facilities developed under the Project but in any event not to exceed twenty years from the date of said acceptance.

Part III—Sponsor's Assurances

In order to furnish the assurances required by the Act and Regulations the Sponsor hereby covenants and agrees with the United States, as follows:

1. These covenants shall become effective upon acceptance by the Sponsor of an offer of Federal aid for the Project or any portion thereof, made by the FAA and shall constitute a part of the Grant Agreement thus formed. These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project.

2. The Sponsor will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use without discrimination between such types, kinds, and classes: *Provided,* That the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; *And Provided Further,* That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

3. The Sponsor will not grant or permit any exclusive right for the use of the airport forbidden by Section 308 of the Federal Aviation Act of 1958, and will otherwise comply with all applicable laws. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm, or corporation the exclusive right for the conduct of any aeronautical activities on the Airport, including but not limited to, charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity: *Provided,* That the prohibition against the grant or permit of an exclusive right as set forth herein in no way alters the rights or oblgations of the Sponsor under a surplus property instrument of transfer pursuant to which surplus property was conveyed to the Sponsor by the United States pursuant to the *Surplus Property Act of 1944, (61 Stat. 678), as amended.*

4. The Sponsor agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees:

a. That in its operation and the operation of all facilities on the airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease, or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to render to the public any service (including the furnishing or sale of any aeronautical parts, materials, or supplies) essential to the operation of aircraft at the Airport, the Sponsor will insert and enforce provisions requiring the contractor:

(1) to furnish said service on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; *Provided,* That the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which would operate to prevent any person, firm, or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the Sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the Sponsor under the provisions of such subsection b.

5. Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the Sponsor to furnish any particular nonaeronautical service at the Airport.

6. The Sponsor will operate and maintain in a safe and serviceable condition the Airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the Airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with

its use for airport purposes: *Provided,* That nothing contained herein shall be construed to require that the Airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; *And Provided Further,* That nothing herein shall be construed as requiring the maintenance, repair, restoration or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the Sponsor.

7. Insofar as it is within its power and reasonably possible, the Sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the Airport, which would constitute an obstruction to air navigation according to the criteria or standards prescribed in Section A of FAA Technical Standard Order No. N18, or Advisory Circular (AC) No. 150/5300-1, whichever is applicable according to the currently approved airport layout plan. In addition, the Sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the Airport, in any portion of a runway approach area in which the Sponsor has acquired, or may hereafter acquire, property interests permitting it to so control the use made of the surface of the land.

8. All facilities of the Airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by military and naval aircraft in common with other aircraft, except that if the use by military and naval aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the Sponsor and the using agency, substantial use of an airport by military and naval aircraft will be considered to exist when operation of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that:

a. Five (5) or more military or naval aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of military or naval aircraft is 300 or more, or the gross accumulative weight of military or naval aircraft using the Airport (the total movements of military or naval aircraft multiplied by gross certified weights of such aircraft) is in excess of five million pounds.

9. Whenever so requested by the FAA, the Sponsor will furnish without cost to the Federal Government, for construction, operation and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the Sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the Grant Agreement relating to the Project. Such areas or any portion thereof will be made available as provided herein within 4 months after receipt of written request from the FAA.

10. The Sponsor will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the Sponsor elects so long as the essential data are furnished. The Airport and all airport records and documents effecting the Airport, including deeds, leases, operation and use agreements, regulations, and other instruments, will be made available for inspection by any duly authorized representative of the FAA upon reasonable request. The Sponsor will furnish to the FAA, upon request, a true copy of any such document.

11. The Sponsor will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and Regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the Airport by any agency or person other than the Sponsor or an employee of the Sponsor, the Sponsor will reserve sufficient rights and authority to insure that the Airport will be operated and maintained in accordance with the Act, the Regulations, and these covenants.

12. The Sponsor will keep up to date at all times an airport layout plan of the Airport showing (1) the boundaries of the Airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the Sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars, and roads), including all proposed extensions and reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan, and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The Sponsor will not make or permit the making of any changes or alterations in the Airport or any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the Airport.

13. Insofar as is within its power and to the extent reasonable, the Sponsor will take action to restrict the use of land adjacent to or in the immediate vicinity of the Airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

14. If at any time it is determined by the FAA that there is any outstanding right or claim of right in or to the Airport property, other than those set forth in Part II, paragraphs 7(a), 7(b), and 7(c), the existence of which creates an undue risk of interference with the operation of the Airport or the performance of the covenants of this Part, the

Sponsor will acquire, extinguish, or modify such right or claim of right in a manner acceptable to the FAA.

15. Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the Regulations shall have the meanings assigned to them therein.

Part IV—Project Agreement

If the Project or any portion thereof is approved by the FAA, and an offer of Federal aid for such approved Project is accepted by the Sponsor, it is understood and agreed that all airport development included in such Project will be accomplished in accordance with the Act and the Regulation, the plans and specifications for such development, as approved by the FAA, and the Grant Agreement with respect to the Project.

In Witness Whereof, the Sponsor has caused this Project Application to be duly executed in its name, this 11th day of April, 1968.

Lessor's demise, if any, of subadewalk space, or of any space outside the lines of the lot or lots whereon the Building stands, conveys only Lessor's rights thereto, if, at any time during the term, any municipality or public authority shall (a) take possession of all or any part of such space, this lease shall continue without abatement or diminution of rent; (b) require compensation for such space, Lessee will pay or account to Lessor for any compensation payable on account thereof during the term hereof. This Lease does not grant any rights to light or air over property except over public streets, alleys or ways, kept open by public authority.

4. RESERVED RIGHTS: Lessor reserves the following rights: (a) To change the name or street address of the building without notice or liability of Lessor to Lessee. (b) To install and maintain a sign or signs on the exterior of the building. (c) To exhibit the premises to prospective tenants, purchasers or others. 5. DEFAULT UNDER OTHER LEASE: If the term of any lease, other than this lease, made by Lessee with Lessor be terminated or terminable after the making of this lease because of any default by Lessee under such other lease, that fact shall empower Lessor, at Lessor's sole option, (a) to terminate this lease, or (b) to add any sums due to Lessor under the other lease to the Rent payable under this lease. The exercise of either of these rights bestows effective by Lessor's notice only.

6. WAIVER OF CLAIMS: To the extent permitted by law, Lessee releases Lessor and Lessor's agents and servants from, and waives all claims for damage to person or property sustained by Lessee or any occupant of the Building or premises resulting from the Building or premises or any equipment or appurtenances becoming out of repair, or resulting from any accident in or about the Building, or resulting directly or indirectly from any act or neglect of any tenant or occupant of the Building or of any other person, including Lessor's agents and servants. This Section 6 shall apply especially, but not exclusively, to the flooding of basement areas, and to damage caused by refrigerators, sprinkling devices, air-conditioning apparatus, water, snow, frost, steam, excessive heat or cold, falling plaster, broken glass, sewage, gas, odors or noise, or by bursting or leaking of pipes or plumbing fixtures, and shall apply equally whether any such damage results from the act or neglect of Lessor or of other tenants, occupants or servants in the Building or of any other person, and whether originating or occurring on the premises or any part thereof, or elsewhere in the Building, or referred to, or any other thing or circumstance whether of a like nature or of a wholly different nature. If any such damage, whether to the demised premises or to the Building or any part thereof, or whether to Lessor or to other tenants in the Building, result from any act or neglect of Lessee, Lessor may, at Lessor's option, repair such damage and Lessee shall, upon demand by Lessor, reimburse Lessor forthwith for the total cost of such repairs. Lessee shall not be liable for any damage caused by its act or neglect if Lessor or a tenant has recovered the full amount of the damages from insurance and the insurance company has waived in writing its right of subrogation against Lessee. All property belonging to Lessee or any occupant of the premises that is in the Building or any part of the premises is there at the risk of Lessee or other person only, and Lessor shall not be liable for damage thereto or theft or misappropriation thereof.

If Lessee remains in possession of the premises or any part thereof after termination of the term by lapse of time or otherwise, such holding over shall, at Lessor's option, operate as a renewal of this lease for the whole or any part of the premises for the next succeeding year, and thereafter from month to month, unless Lessor shall notify Lessee to the contrary, and not otherwise, constitute a renewal of this lease for one year. Lessor's acceptance of any rent after holding over does not renew this lease. The provisions of this section do not waive Lessor's rights of reentry or any other right hereunder.

8. SUBLETTING, ASSIGNMENT, OR TRANSFER OF CONTROL: Lessee shall not allow or permit any transfer of this Lease or any interest under it or any sublease in it or any mortgage or assignment of law, or assign or convey this Lease or any interest under it, or sublet the premises or any part thereof, or permit the use or occupancy of the premises or any part thereof by any one other than Lessee. If Lessee is a corporation and if, during the term of this lease, the ownership of the shares of stock which constitute the control of said, gift or death, Lessor may, at any time thereafter terminate this lease by giving Lessee written notice of such termination at least sixty days prior to the date of termination stated in the notice. The receipt of rent after such change of control shall not affect Lessor's rights under the preceding sentence.

9. CONDITION OF THE PREMISES: Lessee has examined the premises before signing this Lease and is satisfied with the condition thereof, including existing equipment, repairs, decorations and cleaning. It is understood that all work which are specifically provided for herein, Lessee's taking possession shall be conclusive evidence as against Lessee that the premises were in good order and satisfactory condition when Lessee took possession hereunder. No promise of Lessor to alter, remodel, improve, repair, decorate or clean the premises or any part thereof, and no representation respecting the condition of the premises or the Building, has been made by Lessor to Lessee, unless the same is contained herein or made a part hereof. At the termination of this lease by lapse of time or otherwise, Lessee shall return the premises and all equipment and fixtures therein in as good condition as when Lessee took possession, ordinary wear and tear excepted, failing which Lessor may restore the premises, equipment and fixtures to such condition and Lessee shall pay the cost thereof upon request.

10. ALTERATIONS: Lessee shall not make any alterations in or additions to the premises without Lessor's advance written consent in each and every instance. Lessor's decision in the matter shall be conclusive. Whether Lessee furnishes Lessor the foregoing or not, Lessee hereby agrees to indemnify Lessor and hold harmless from any and all liabilities of every kind and description which may arise out of or be connected in any way with said alterations or additions. All additions and alterations shall be installed in a good, workmanlike manner and only new, high grade materials shall be used. Before commencing any work in connection with alterations or additions, Lessee shall furnish Lessor with certificates of insurance from all contractors performing labor or furnishing materials insuring Lessor against any and all liabilities which may arise out of or be connected in any way with said additions or alterations. Lessee shall pay the cost of all such alterations and additions and also the cost of decorating the premises occasioned by such alterations and additions. Upon completing any alterations or additions, Lessee shall furnish Lessor with full and final waivers of lien and receipted bills covering all labor and materials expended and used. All alterations and additions shall comply with all insurance requirements and with all ordinances and regulations of the City of Chicago or any other public authority, and with the requirements of all statutes and resolutions of the State of Illinois or of any department or agency thereof. If, upon Lessee's request, Lessor does not remove said additions, hardware, non-trade fixtures and improvements, Lessor may remove the same and the Lessee shall pay the cost of such removal to Lessor upon demand. If Lessee does not remove Lessee's furniture, floor coverings, trade fixtures and other removable property of all kinds from the premises prior to the end of the term, however caused, Lessee shall be conclusively presumed to have conveyed the same to Lessor under this lease as a bill of sale without further payment or credit by Lessor to Lessee.

(o) If Lessee desires awnings, shades, Venetian blinds or window or door coverings of any kind, whether inside or outside, Lessee shall furnish and maintain the same in good and attractive condition at Lessee's expense and risk, and all shall be of shape, color, design and material, quality and make as shall first be approved by Lessor in writing. (p) Lessee shall not overload any floor; Lessor may determine the reasonable location of heavy articles. (q) Unless Lessor gives advance written consent, Lessee shall not use the premises or any part thereof for housing accommodations or for lodging or sleeping purposes, and shall not do any cooking therein and shall not use any illumination other than electric light. (r) Lessee shall not take or permit to be taken any supplies, merchandise, fixtures equipment or appliances in or out of the premises or the building except through proper service doors. If Lessee furnishes heat, Lessee shall maintain the temperature in the premises high enough to prevent the freezing of water in plumbing fixtures and all other damage caused by low temperature. (s) Unless Lessor gives advance written consent, neither Lessee, nor any trustee, receiver, assignee or any other person acting for or on behalf of Lessee, Lessee's estate or creditors, shall conduct an auction in the premises. (t) In addition to all other liabilities for breach of any covenant of this section 11, Lessee shall pay to Lessor all damages caused by such breach and shall also pay to Lessor an amount equal to any increase in insurance premium or premiums caused by such breach. The violation of and covenant of this section 11 may be restrained by injunction.

12. REPAIRS AND MAINTENANCE: Subject to the provisions of Section 13, Lessee shall, during the term, at Lessee's own expense, keep the premises in good order, condition and repair, including the replacement of all broken glass with glass of the same size and quality, under the supervision and with the approval of Lessor. By notice, Lessor may require Lessee to maintain and deposit with Lessor policy or policies of insurance in form and issued by carriers satisfactory to Lessor against breakage of all plate glass in the premises, and to furnish to Lessor satisfactory evidence that said policy or policies continue to be in force and effect; and, if Lessee fails to comply with such requirement, Lessor may obtain such insurance and keep the same in force and effect and Lessee shall pay Lessor upon request the premium cost thereof for the term of this lease then unexpired. If Lessee does not make repairs promptly and adequately, Lessor may, but need not, make repairs, and Lessee shall pay promptly the reasonable cost thereof, including overtime and other expense if Lessor, at Lessee's request, makes such repairs, including December, at times other than ordinary business or later hours. At any time or times, Lessor, either voluntarily or pursuant to Governmental requirement, may, at Lessor's own expense, make repairs, alterations or improvements in or to the said building or any part thereof including the premises, and, during operations, may do all things necessary in connection therewith, all without any liability to Lessee by reason of interference, inconvenience, annoyance or loss of business. Lessor shall not be liable to Lessee for any expense, injury, loss or damage resulting to Lessee from work done in, upon, along, or the use of, any adjacent or nearby building, land, street, alley or way.

13. UNTENANTABILITY: If the premises or the building are made wholly untenantable by fire or other casualty, Lessor may elect (a) to terminate this lease as of the date of the fire or casualty by notice to Lessee within thirty days after the fire date, or (b) to repair, restore or rehabilitate the building or the premises at Lessor's expense within one hundred twenty days after Lessor is enabled to take possession of the injured premises and to undertake reconstruction or repairs, in which latter event the lease shall not terminate but rent shall be abated on a per diem basis while the premises are untenantable. If Lessor elects so to repair, restore or rehabilitate the building or premises and does not substantially complete the work within the one hundred twenty day period, either party can terminate this lease as of the date of the fire or casualty by notice to the other party not later than one hundred thirty days after Lessor is enabled to take possession of the injured premises and to undertake reconstruction or repairs. In the event of termination of the lease pursuant to this section 13, rent shall be apportioned on a per diem basis and be paid to the date of the fire or casualty. If the demised premises shall be partially damaged by fire or other casualty without the fault or negligence of Lessee, Lessee's servants, employees, agents, visitors or licensees, the premises shall be repaired, restored or rehabilitated by and at the expense of Lessor, and rent until the damaged portion of the premises is ready for occupancy by Lessee shall be apportioned according to the part of the demised premises which is usable by Lessee. In all cases, due allowance shall be made for reasonable delay which may be caused by adjustment of insurance, strikes, labor difficulties or any cause beyond Lessor's control.

14. EMINENT DOMAIN: If the building, or any portion thereof which includes a substantial part of the premises, or which prevents the operation of the building, shall be taken or condemned by any competent authority for any public use or purpose, the term of this lease shall end upon, and not before, the date when the possession of the part so taken shall be required for such use or purpose, and without apportionment of the condemnation award. Lessee shall have no right to share in such award. Current Rent shall be apportioned as of the date of such termination. If any condemnation proceeding shall be instituted in which it is sought to take or damage any part of the building, or the land under it, or if the grade of any street or alley adjacent to the building is changed by any competent authority and such change of grade makes it necessary or desirable to remodel the building to conform to the changed grade, Lessor shall have the right to cancel this lease upon not less than ninety days' notice prior to the date of cancellation designated in the notice. No money or other consideration shall be payable by Lessor to Lessee for the right of cancellation, and Lessee shall have no right to share in the condemnation award or in any judgment for damages caused by the change of grade.

15. REMEDIES: All rights and remedies of Lessor herein enumerated shall be cumulative, and none shall exclude any other right or remedy allowed by law.

(a) If any voluntary or involuntary petition or similar pleading under any section or sections of any bankruptcy act shall be filed by or against Lessee, or any voluntary or involuntary proceeding in any court or tribunal shall be instituted to declare Lessee insolvent or unable to pay Lessee's debts, and in the case of an involuntary petition or proceeding, the petition or proceeding is not dismissed within thirty days from the date it is filed, Lessor may elect, but is not required, and with or without notice of such election, and with or without entry or other action by Lessor, to forthwith terminate this lease, and, notwithstanding any other provisions of this lease, Lessor shall forthwith upon such termination be entitled to recover damages in an amount equal to the then present value of the rent specified in Section 1 of this lease for the residue of the stated term hereof, less the fair rental value of the premises for the residue of the stated term.

(b) If Lessee defaults in the payment of Rent and such default continues for ten days after Lessor's notice thereof to Lessee as provided in Section 16, or if Lessee defaults in the prompt and full performance of any other provision of this lease, and Lessee does not cure the default within twenty days (forthwith if the default involves a hazardous condition) after written demand by Lessor that the default be cured, Lessor may, if Lessor so elects, but not otherwise, forthwith terminate this lease and Lessee's right to possession of the premises, or both. If the leasehold interest of Lessee be levied upon under execution or be attached by process of law, or if Lessee makes an assignment for the benefit of creditors, or if a Receiver be appointed for any property of Lessee, or if Lessee abandons the premises, then and in any such event Lessor may, if Lessor so elects but not otherwise, and with or without notice of such election and with or without any demand whatsoever, either forthwith terminate this lease and Lessee's right to possession of the premises or, without terminating this lease, forthwith terminate Lessee's right to possession of the premises.

(c) Upon any termination of this lease, whether by lapse of time or otherwise, or upon any termination of Lessee's right to possession without termination of the lease, Lessee shall surrender possession and vacate the premises immediately, and deliver possession thereof to Lessor, and Lessor may enter or repossess the premises by any lawful means, either in such event with or without process of law and to repossess the premises as of Lessor's former estate and to expel or remove Lessee and any others who may be occupying or within the premises and to remove any and all property therefrom, using such force as may be necessary, without being deemed guilty of trespass, eviction or forcible entry or detainer, and without relinquishing Lessor's rights to rent or any other right given to Lessor hereunder or by operation of law.

(d) If Lessor abandons the premises or otherwise entitles Lessor so to elect, and Lessor elects to terminate Lessee's right to possession only, without terminating the lease, Lessor may at Lessor's option enter into the premises, remove Lessee's property and other evidences of tenancy, and take and hold possession thereof as in paragraph (c) of this Section 15 provided, without such entry and possession terminating the lease or releasing Lessee, in whole or in part, from Lessee's obligation to pay the rent hereunder for the full term, and in any such case Lessee shall pay forthwith to Lessor, if Lessor so elects, a sum equal to the entire amount of the rent specified in Section 1 of this lease for the residue of the stated term plus any other sums then due hereunder. Upon and after entry into possession without termination of this lease, Lessor may, but need not, relet the premises or any part thereof for the account of Lessee to any person, firm or corporation other than Lessee for such rent, for such time and upon such terms as to Lessor in Lessor's sole discretion shall determine. Lessor shall not be required to accept any tenant offered by Lessee or to observe any instructions given by Lessee about such reletting. Lessor may make repairs, alterations and additions in or to the premises, and redecorate the same to the extent deemed by Lessor necessary or desirable, and Lessee shall, upon demand, pay the cost thereof, together with Lessor's expenses of the reletting. If the consideration collected by Lessor upon any such reletting for Lessee's account is not sufficient to pay monthly the full amount of the rent reserved in this lease, together with the costs of repairs, alterations, additions, redecorating and Lessor's expenses, Lessee shall pay to Lessor the amount of each monthly deficiency upon demand, and if Lessee fails to pay such amount when due, Lessor may bring such action as Lessor may deem proper for recovery of such deficiency. Lessor may file suit to recover any sums falling due under the terms of this section from time to time, and no suit or recovery or any portion due Lessor hereunder shall be any defense to any subsequent action brought for any amount not theretofore reduced to judgment in favor of Lessor. Any such reletting shall not be construed as an election on Lessor's part to terminate this lease unless a written notice of such intention be given to Lessee or unless the termination thereof be decreed by a court of competent jurisdiction. Notwithstanding any such reletting without termination, Lessor may at any time thereafter elect to terminate this lease for any previous default. Pursuit of any of the foregoing remedies shall not preclude pursuit of any of the other remedies herein provided or any other remedies provided by law, nor shall pursuit of any remedy herein provided constitute a forfeiture or waiver of any rent due to Lessor hereunder or of any damages accruing to Lessor by reason of the violation of any of the terms, provisions and covenants herein contained. Forbearance by Lessor to enforce one or more of the remedies herein provided upon an event of default shall not be deemed or construed to constitute a waiver of such default or of Lessor's right to enforce any such remedies with respect to such default or any subsequent default. Acceptance of rent following an event of default hereunder shall not be deemed a waiver of any preceding default other than default in the payment of the particular rental so accepted, regardless of Lessor's knowledge of such preceding default at the time of acceptance of such rent. If Lessor elects to relet the premises as provided in this section 15, rent that Lessor receives from reletting shall be applied to the payment first of any indebtedness from Lessee to Lessor hereunder other than rent due hereunder; second, to the payment of any costs and expenses of such reletting, including brokerage fees and attorneys' fees and costs of alterations and repairs; third, to the payment of rent due and unpaid hereunder, and the residue, if any, shall be held by Lessor and applied in payment of future rent as it becomes due hereunder. If Lessee has been credited with any rent to be received by such reletting and the rent shall not be promptly paid to Lessor by the new tenant, or if any such rental received from such reletting during any month is less than that to be paid during that month by Lessee hereunder, Lessee shall promptly pay any such deficiency to Lessor. Any such deficiency shall be calculated and paid monthly. No entry by Lessor in order to enforce its rights hereunder shall be construed as an election to terminate this lease unless a written notice of such intention be given to Lessee. Lessor may enter the premises and do whatever Lessee is obligated to do under the terms of this lease. Lessee agrees to reimburse Lessor on demand for any expenses which Lessor may incur in effecting compliance with Lessee's obligations under this lease, and Lessee further agrees that Lessor shall not be liable for any damages resulting to Lessee from such action, whether caused by the negligence of Lessor or otherwise. In the event that Lessee shall have abandoned the premises, Lessor shall have the option of retaining Lessee's property and all rights of Lessee with respect to such property shall cease and terminate. Lessor shall not be required to take any steps to preserve assets appearing in the event that Lessee shall have abandoned the premises, either before or after removing the same, or to take any steps to collect rentals for the same, but Lessor may, nevertheless, initiate suits for rent or damages hereunder. Any and all property which may be removed from the premises by Lessor pursuant to the authority of this lease or of law, may be handled, removed or stored in a commercial warehouse or elsewhere at the risk, cost and expense of Lessee, and Lessor shall in no event be responsible for the value, preservation or safekeeping thereof. Lessee shall pay to Lessor upon demand any and all expenses incurred by Lessor in such removal and storage charges against such property so long as the same shall be in Lessor's possession or under Lessor's control. Any such property of Lessee not retaken by Lessee from storage within thirty days after removal from the premises shall, at Lessor's option, be deemed conveyed by Lessee to Lessor under this lease as a bill of sale without further payment or credit by Lessor to Lessee.

16. NOTICES: In every instance where it shall be necessary or desirable for Lessor to serve any notice or demand upon Lessee, it shall be sufficient (a) to deliver or cause to be delivered to Lessee a written or printed copy thereof, or (b) to send a written or printed copy thereof by United States certified or registered mail, postage prepaid, addressed to Lessee at the premises, whether Lessee be in occupancy or not at the time of such notice or demand shall be deemed to have been served at the time the copy is mailed, or (c) to leave a written or printed copy thereof with some person above the age of ten years in possession of the demised premises or to affix the same to the door of the demised premises in any such manner as is then customary, and such notice or demand shall be deemed to have been served at the time the copy is so left or affixed. All notices shall be signed by or on behalf of Lessor.

17. MISCELLANEOUS:

(a) No receipt of money by Lessor from Lessee after the termination of this lease or after the service of any notice or after the commencement of any suit, or after final judgment for possession of the premises, shall renew, reinstate, continue or extend the term of this lease or affect any notice, demand or suit.

(b) No waiver of any default of Lessee hereunder shall be implied from any omission by Lessor to take any action on account of such default if such default persists or be repeated, and no express waiver shall affect any default other than the default specified in the express waiver and then only for the time and to the extent therein stated. The invalidity or unenforceability of any provision hereof shall not affect or impair any other provision.

(c) In the absence of fraud, no person, firm or corporation, or the heirs, legal representatives, successors and assigns, respectively, thereof, executing this lease as agent, trustee or in any other representative capacity, shall ever be deemed or held individually liable hereunder for any reason or cause whatsoever.

(d) The words "Lessor" and "Lessee" wherever used in this lease shall be construed to mean Lessors or Lessees in all cases where there is more than one Lessor or Lessee, and the necessary grammatical changes required to make the provisions hereof apply either to corporations or individuals, men or women, shall in all cases be assumed as though in each case fully expressed.

(e) Provisions inserted herein or affixed hereto shall not be valid unless appearing in the duplicate original hereof held by Lessor. In event of variation or discrepancy, Lessor's duplicate shall control.

(f) Each provision hereof shall extend to, and shall, as the case may require, bind and inure to the benefit of Lessor and Lessee and their respective heirs, legal representatives and successors, and shall bind assigns in the event this lease has been assigned with the express written consent of Lessor.

(g) Submission of this instrument for examination does not constitute a reservation of or option for the premises. The instrument becomes effective as a lease upon execution and delivery both by Lessor and Lessee.

(h) The headings of sections of the lease are for convenience only and do not define, limit or construe the contents of the sections.

(i) All amounts (other than rent) owed by Lessee to Lessor hereunder shall be paid within ten days from the date Lessor renders statements of account therefor and shall bear interest at 7% per annum thereafter until paid.

(j) Provisions typed on the back of this lease and signed by Lessor and Lessee and all riders attached to this lease are signed by Lessor and Lessee are hereby made a part of this lease as though inserted at length in this lease.

(k) If Lessee shall occupy the premises prior to the beginning of the term of this lease with Lessor's consent, the provisions of this lease shall be in full force and effect as soon as Lessee occupies the premises. Rent for any period to the beginning of the term of this lease shall be fixed by agreement between Lessor and Lessee.

In Witness Whereof, the parties hereto have caused this indenture to be executed under their seals, on the date first above written.

AGREEMENT BY AND BETWEEN THE
STATE OF ILLINOIS, COUNTY OF COOK,
AND CITY OF CHICAGO
ON THE
ORGANIZATIONAL STRUCTURE AND
FINANCING REQUIREMENTS FOR THE
PLANNING AND PRELIMINARY DESIGN OF THE
PROPOSED CROSSTOWN EXPRESSWAY
F.A.I. ROUTE 494

Route 494 Section Project: I-494-1 (3) (4)
Cook County Job No.: P-90-526-67

This Agreement, made and entered into by and between the State of Illinois, acting by and through its Department of Public Works and Buildings, the County of Cook, a body political corporate, acting by and through its Department of Highways, and the City of Chicago, a municipal corporation organized under the laws of the State of Illinois, acting by and through its Department of Public Works, hereinafter referred to collectively as the Parties and individually referred to as State, County, and City, respectively.

WITNESSETH

Whereas, the Parties hereto propose to make a coordinated planning study for the entire length of the proposed Crosstown Expressway, F.A.I. 494, to include a comprehensive route location analysis and preparation of preliminary plans within a north-south corridor centered along Cicero Avenue and extending from the Edens-Kennedy Expressways Junction south to the Midway Airport area, then east within an east-west corridor centered along 63rd Street to a connection with the Dan Ryan Expressway, F.A.I. Route 94, and the Chicago Skyway, F.A.I. Route 90, which work is hereinafter referred to as the Project; and

Whereas, the planning and preliminary design of this expressway, part of the Comprehensive Expressway System within the Chicago Metropolitan Area, have been agreed to by the Parties hereto to be a necessary highway improvement for the relief of congested traffic conditions in the Chicagoland area in general, but particularly for the improvement of safety and traffic conditions in the existing radial expressway system in the City of Chicago and within the areas of direct influence of the location of this expressway; and

Whereas, this portion of the Comprehensive Expressway System will be of great and lasting benefit to the people of the entire State of Illinois, the County of Cook and the City of Chicago; and

Whereas, the magnitude of work and cost to carry out to completion the above-mentioned improvement makes it impossible for any of the Parties hereto to individually undertake and finance the planning and preliminary design of this entire Project within a reasonable time without being equally shared by the Parties hereto; and

Whereas, it is necessary that an agreement be entered into by and among the three parties in order to comply with Policy and Procedure Memorandum 21-3 issued by the Bureau of Public Roads, Department of Transportation, dated October 3, 1962; now, therefore,

In consideration of the premises herein contained, the Parties hereto and in conformity with all applicable law, mutually promise and agree to:

The remaining ten per cent (10%) portion is to be assumed by the Parties hereto with one-third shares of such portion to be the obligation each of the County, the City and the State, with the understanding that no division of costs shall be made for any work undertaken by any party to this agreement prior to June 1, 1968.

2. Accept as the maximum amount of expenses to be incurred in the aforesaid planning and preliminary design work, including any Federal reimbursement, the maximum amount payable to C.A. under the agreement between C.A. and City plus the costs of the Crosstown Expressway studies between June 1, 1968 and August 15, 1968 (both inclusive) provided that, in the event that prior to satisfactory completion by C.A. of their engineering services for the proposed Expressway, the total due C.A. becomes ninety-five per cent (95%) of such amount and it is evident that the aforesaid maximum amount payable under the agreement will be exceeded in order to complete such engineering services, said amount may be increased; based, however, on a detailed estimate of cost of the work remaining, which estimate has been approved by the Parties hereto.

WHEREAS, The United States and the State of Illinois remember with gratitude the past and present contributions of its immigrants from Ireland and other countries; and
